19TH YEAR. NO. 33

EAST LIVERPOOL, O., SATURDAY, FEBRUARY 8, 1902.

TURBULENT SESSION HELD BY THE OLD LIBRARY BOARD

President Insisted That the Organization Had Ceased to Exist.

THE MEMBERS DISAGREED

And a Lively Discussion Arose Over a Bill of \$400 For Books Bought.

AUTHORITY OF COMMITTEE

To Make the Purchase Was Disputed, But a Motion to Pay the Bill Carried And the Board Adjourned Since Librarian's Salary Raised.

The old public library board consumed one hour and thirty minutes last night in one of the warmest and most stormy sessions ever held in the rooms.

The ball was started when the old association began to assemble. President Weisend insisted that the old board was dead—that it ceased to exist at the last meeting, held several weeks ago. However, the members took their places and the session began.

A bill from the book committee, asking the board to pay for the last consignment of books received by the committee, was presented. The bill amounted to in the neighborhood of \$400, and included \$3.30 for telephone tolls. A motion was made to pay the bill, but President Weisend refused to entertain the motion. An appeal was taken, and the question was put by the vice president. The discussion that followed was interesting, and some very pointed remarks were made. Mr. Weisend stated that the book committee, which consisted of Prof. R. E. Rayman, Harry Peach and P. J. McKeone, had no authority to place an order for books without consulting the wishes of the board, and that he was of the opinion the book committee had made the purchase for no other reason than the fact that they had been retired from the board, and were determined to deplete the treasury before they left.

Miss McLane, the librarian, also had a few remarks upon the alleged high-handed manner in which the committee had acted. She said it had been customary to consult the librarian in the purchase of supplies of this character, and that she had been absolutely ignored. This latter remark seemed to amuse Mr. Peach, who laughed, causing the librarian to exclaim in a loud tone that she had been insulted by Mr. Peach on many occasions, in his store and at the library. The chairman cautioned Miss McLane to be calm, whereupon she asserted that she was calm. A. H. Clark made remarks favoring the motion, and it was finally passed.

After a few small matters had been disposed of the old board adjourned sine die.

The session of the newly elected board was a short one, and was taken up mainly in its organization.

The election of officers resulted as follows: President, J. J. Weisend; vice president, D. B. Flowers; secretary, A. V. Gilbert; treasurer, LeRoy Orr.

P. J. McKeone, a member of the old organization, who had been re-elected, tendered his resignation at the meeting of the new board, and it was promptly accepted.

Miss McLane was retained as librarian and will receive an increase in salary of \$10 per month. The position formerly paid \$25. She will now receive \$35 for her services.

LEFT HER HUSBAND

A St. Clairsville Woman Eloped With a Young Man, Taking Her Child Along.

St. Clairsville, February 8.—A sensational elopement that filled the minds of the good people of this town with amazement took place Thursday when Thomas Naylor, a 20-year-old young man, and Mrs. William Harris, aged 25, ran away, taking with them the 7-year-old son of the woman and \$50 of her husband's hard-earned cash. The husband was not long in learning her perfidy and securing a rig, chased the twain to Bellaire. Taylor was arrested and placed in jail, but Harris prevailed on his err-

ing wife to accompany him home. Mrs. Harris showed her infatuation for Naylor when she refused to accompany her husband until he made a promise not to prosecute her paramour. This the husband readily assented to, and with his wife and child returned to their peaceful domicile.

CHARGE OF LARCENY

PREFERRED AGAINST SALESMAN BY FORMER EMPLOYER.

Fred Linder, Arrested in Wellsville, Accused of Stealing From J. W. Cox, of Kensington.

Fred Linder, a salesman for a Kensington commission firm, was arrested in Wellsville a few days ago on a charge of larceny preferred by J. W. Cox, his former employer.

Linder had been in the employ of Mr. Cox for several months, but some time during the month of August last, he was discharged. It seems he was sufficiently well acquainted with the arrangement of the Cox establishment to be able to enter and depart at will. Mr. Cox now believes he has been relieved of various articles in the commission line from time to time ever since Linder's dismissal. The articles were missed, but as their value was comparatively small no attempt was made to apprehend the thief. The last haul, and the one that caused the man's downfall, was made last week. Three large cans of lard were missed and an investigation was at once made.

While acting as salesman and collector Linder had a number of customers in this city, among whom was Mrs. Huffman, of the Washington House. Not being aware that he had severed his connection with the Cox establishment, the lady purchased the lard. In a few days Wellsville officers called at the hotel and after examining the lard, pronounced it the property of Cox. Mrs. Huffman was ordered to discontinue the use of the stuff pending the outcome.

When Linder was arrested he denied all knowledge of the affair, but with the evidence the landlady was able to supply there can be no doubt a conviction will be secured.

STRUCK BY ELEVATOR

Bert Sayers, a Boy, Narrowly Escaped Death at the Laughlin Pottery.

A serious accident occurred at the Laughlin pottery No. 1 yesterday afternoon. Bert Sayers, employed in the warehouse, was almost killed by being struck by an elevator during its descent. Sayers was working on the second floor and the elevator had just passed up to the third floor.

The boy went to the shaft to speak to some workmen on the first floor and as he was leaning over the elevator gate the elevator was lowered, striking him on the back of the head, tearing the scalp from ear to ear. He was removed to his home in the West End, where his injuries were dressed by Dr. Bailey.

MUCH IMPROVED

The President's Son Evidently in No Danger—Father's Southern Trip Postponed.

Washington, February 8.—(Special)—A bulletin just issued at the White House states that the condition of the president's son is much improved.

The president, however, has cancelled his proposed trip to the Charleston exposition.

Lisbon, February 8.—(Special)—Emma J. Nessly has filed suit against James S. Abbott and Lydia A. Abbott and asks the foreclosure of a mortgage held by her on property owned by them in East Liverpool. The Abbotts owe the plaintiff \$1,200 on a promissory note.

Black But Not Brown.

A colored man whose home is said to be in Wheeling, came to town yesterday, and so closely did he resemble Dave Brown, who was sent to the penitentiary a few months ago, that the report went the rounds that Brown had escaped. The stranger was dark in color, but not Brown.

DIPPERS' LOCAL HELD FINE SOCIAL

Many Hundred Persons Were Present and Had an Enjoyable Time.

NEW POTTERY IS POSSIBLE

Prospects Good for the Completion of a Six-Kiln Plant Before Next Summer—News of Interest in Local Pottery Circles.

Dippers' local No. 18, after its business meeting last evening, held a social and entertainment which was considered the best ever given by that organization. Several hundred persons were present, including members of the local and their lady friends. One new member, Harry Herbert, was obligated last evening, making the total membership 62. During the evening music was furnished by Haines' band and Ormes' orchestra, and after 12 o'clock dancing was indulged in. The social session was opened by an address by President William Adams, of No. 18, who told of the advances made by the local since it was organized. This was followed by addresses by Wm. E. Adams, Miss Mountford, Miss Flossie McElhavy and George Ormes. During the evening luncheon was served.

Warehousewomen's local No. 7606 at a meeting held Thursday evening received 31 new members into the organization. The meeting was held in the Citizens' National bank building on Washington street. The new members were obligated by the president, Mrs. J. E. Jenkins. The attendance was so large that additional chairs had to be provided for the new members. Officers elected at the meeting two weeks ago were installed. The charter of the local was not closed Thursday evening as was expected. Instead it will remain open two weeks longer, after which the application for membership must be accompanied by \$1.50. The present initiation fee is but 50 cents. The local is in an excellent condition financially, and recently a piano was purchased.

There is every reason to believe that within the next three months a new pottery of possibly six kilns will be built in this city. During the past few weeks negotiations have been advanced in a quiet way with this end in view, and the efforts of the parties at the head of the movement are meeting with good success. The new concern will be a stock company, and it will be capitalized at something like \$100,000. The location of the new factory has not been decided upon, but this matter will likely be determined upon within a short time.

W. E. Wells, secretary of the Laughlin, when asked this morning if that company would build another pottery in the East End during the coming summer, said: "I assure you the company has no plans in view toward the erection of another plant. We have enough work on hand at present, and after we have this factory in full operation our attention may be directed to other things. At present we have no notion of either erecting another pottery or adding to our present capacity."

The Niles settlement is still hanging fire. The point in dispute is the settlement of the two and one-quarter days extra for placing small ware in the bisque kilns. The manufacturers refuse to act in the matter, as the owners, the Bradshaw brothers, are not members of the Manufacturing Potters' association. So now the matter is up to the Bradshaw brothers and the Brotherhood officials to settle. It is expected a settlement will be reached in a few days.

Kilnmen's local No. 9 met in Brotherhood hall last evening. Aside from the regular business many important questions were considered, which will be presented to the public very soon. Five propositions for membership were received and one candidate was obligated.

The marriage of Miss Jennie Hughes and Harry Butler has just been made public, although they were married early in December. Miss Hughes has been working at the Harker pottery as a transferer, while Mr. Butler has had charge of the decorating kilns of the same plant for

HARD SLEDDING FOR CERTAIN BILLS

Those Not Approved By the Legislative Steering Committee Stand Small Show.

MR. BUELL IS A MEMBER

Of This Important Body—Proposed Act to Wipe Out State Debt. Scheme to Have Physical Culture Teachers in All Cities of 10,000.

From a Staff Correspondent.

Columbus, February 8.—Representative Buell has been appointed a member of the steering committee. This committee will submit to a close scrutiny all measures affecting important interests and those not receiving the approval of this select body will have rough sledding. This committee proposes to keep under the close surveillance bills which have as their object the redistricting of the state. The committee is largely made up of Foraker, Daugherty and Hanna men, with the two former forces predominating.

This committee is composed of members who have a warm spot for Columbiana county and its men of affairs, and there is considerable assurance that the interests of the county will not be neglected if the potency of this body counts for anything. The appointment of Mr. Buell on this committee was agreed upon in recognition of the services performed by Columbiana county along political lines.

If the bill by Mr. Crafts, of Portage becomes a law all the state debt, save that which is irreducible, will be liquidated. The measure carries with it an appropriation of \$715,720, which is sufficient to wipe out all the state's indebtedness aside from the excepted obligations and will leave nothing but a clean balance sheet. This bill has been approved by the finance committee, of which Mr. Crafts is the chairman. It is the general appropriation and provides for \$67,000 less than that of two years ago.

A physical culture bill was introduced in the senate Friday morning requiring the employment of supervisors of physical culture in schools in all cities of a population of 10,000 or more. In cities where the population is less than 10,000 teachers will be required to instruct their pupils in physical culture and they themselves must take at least 10 lessons each year from a competent instructor. Each county must provide a fund of \$100 per annum to pay for this instruction.

The senate passed a house bill providing for the creation of a new board of control for the Ohio experiment station at Wooster. Governor Nash recommended the passage of the measure. The members of the old board have never been able to agree.

MISSING THREE MONTHS

Was the East Palestine Man Who Is Reported Arrested in Canada.

C. N. Stout, of East Palestine, whose arrest at Hamilton, Ont., was reported yesterday, left East Palestine about three months ago. He had charge of the municipal electric light plant at East Palestine, and he was found to be short about \$600 in his accounts. He left his family behind, and his wife went to her parents at Greenford soon after he left. Since then nothing has been heard from him, as far as could be learned.

STOLE A BIBLE

UNKNOWN THIEF BROKE INTO A CALCUTTA CHURCH.

Book Was an Old One and Highly Prized—Reward Offered for Its Return.

A thief entered the U. P. church at Calcutta Thursday night and stole the pulpit bible and psalter. The bible was old and highly valued.

The fellow who committed the theft broke into the front door. He went to the church in a sleigh, tying his horse to the fence while he ransacked the building. His rig was seen by several persons, but the nature of his mission was not then suspected. The man when leaving with his plunder started toward East Liverpool.

Every effort is being made to learn the thief's identity and a liberal reward is offered for the return of the missing bible.

CAUCUSES TONIGHT

Republicans Will Select Candidates for Committeemen From Nine Precincts.

Arrangements have been completed for the caucus meetings of the Republicans from the nine precincts tonight. The purpose of the meetings is for the selection of three names in each locality to go on the ticket at the county primary for the position of central committee.

Notices calling the caucus meetings have been posted for the past week and there promises to be a good attendance at each. Six of the nine precincts will caucus at city hall, the Republicans of the Fifth ward having arranged to assemble at fire station No. 2. Both precincts of the First ward will meet at Turner hall.

The plan is an experiment put in effect by the county committee not long ago, and it is thought the results will be most gratifying.

SUIT IN ATTACHMENT

Homer D. Myler Seizes Property, Which He Says Belongs to Him, From a Coal Dealer.

Homer D. Myler has begun an action in Justice McLane's court against Marcus F. Davis, a local coal dealer, to recover three horses, harness, a coal wagon, stove and numerous other articles which Davis is using in his business and which Myler claims belong to him. Attachment papers were served and the outfit appraised at \$282.10 by Mack Anderson and A. W. King. The suit is the outgrowth of a dispute which came up at the time the Myler Brothers conducted the business now controlled by Davis. It is set for hearing on next Wednesday.

ROUSING MEETING

Held By the Grand Army Post And New Members Added to the Lodge.

The Gen. Lyon post, G. A. R., held a rousing meeting last evening. After the regular business was completed, two new candidates were mustered in and three others re-instated.

Speech making was next indulged in, several of the dissertations being flit-tered in eloquence. As a fitting finish an old-time "walk around" was tripped off by the old veterans to the tune of "John Brown's Body." Everybody present had a good time.

THE REFERENDUM CLAUSE

Provides For a Vote On Accepting It to Be Taken at April Election.

ITS INTRODUCTION DEFERRED

Representative Crist Desiring to Hear Further From the Citizens Before Laying the Measure Before the Legislature—Wants to Be Certain.

Secretary Joseph Betz, of the Republican central committee, has just completed the alterations to the proposed registration bill, in accordance with the action of that body at its recent meeting.

The figures have been supplied, specifying what population a city must have to get in under the provisions of the act. It is thought East Liverpool will be the only city in Ohio to which the law can be made applicable; as, so far as can be learned, there is not another town in the state having a present population within the range of the law. The bill for cities provides registration for cities "having a population at the last federal census of not less than 16,100, nor more than 17,000."

The referendum clause reads:

Section 2—That this act shall be in force on and after the 1st day of May, 1902; provided, further, that at the election to be held on the first Monday in April, 1902, the question shall be submitted to the electors of all cities to which this act applies, and if a majority of the electors vote "Registration—Yes," then this act shall be in force, but if a majority of the electors vote "Registration—No," this act shall be null and void.

Secretary Betz is in receipt of a letter from Representative D. W. Crist, in which he says he would prefer presenting the bill without the referendum clause, but if it was the wish of those having the matter in hand, he would acquiesce.

Mr. Betz informed Mr. Crist today that the committee deemed it necessary, since there appears to be opposition to the proposition, to proceed in the manner outlined. If the people are given an opportunity of voting upon registration, the question will be decided by the majority, and the responsibility will rest with them.

A special from Columbus says: Representative Crist had intended to introduce the East Liverpool registration bill this week, but at the last moment he changed his mind and concluded to defer doing so until next week, in order to hear further expression of the views of the citizens of the pottery city on the merits of the measure. The bill was ready to be offered Thursday afternoon, but Mr. Crist desires to be certain that its provisions will be acceptable to the great majority of the city of East Liverpool before he lets go of it. In accordance with the suggestion of those who are urging the passage of the measure, the referendum clause has been incorporated in it.

WHISTLE HASN'T TOOTED

Martin's Ferry People Victimized By the Fellow Who Sold Weather Signals Here.

The fellow who came to East Liverpool several weeks ago and buncoed a number of business men from whom he collected money for cards on which were printed a weather signal code, promising to arrange to have the whistle on the R. Thomas & Sons' pottery blown each day, is evidently finding other victims. A Martin's Ferry paper contains the following: "The merchants who spent their good money for the weather signal code to be distributed among their patrons, would like to hear the toot of the whistle at the furnace. The furnace people hardly may be expected to give the signal when they have no code."

STOLE A BIBLE

UNKNOWN THIEF BROKE INTO A CALCUTTA CHURCH.

Book Was an Old One And Highly Prized—Reward Offered for Its Return.

A thief entered the U. P. church at Calcutta Thursday night and stole the pulpit bible and psalter. The bible was old and highly valued.

The fellow who committed the theft broke into the front door. He went to the church in a sleigh, tying his horse to the fence while he ransacked the building. His rig was seen by several persons, but the nature of his mission was not then suspected. The man when leaving with his plunder started toward East Liverpool.

Every effort is being made to learn the thief's identity and a liberal reward is offered for the return of the missing bible.

CAUCUSES TONIGHT

Republicans Will Select Candidates for Committeemen From Nine Precincts.

Arrangements have been completed for the caucus meetings of the Republicans from the nine precincts tonight. The purpose of the meetings is for the selection of three names in each locality to go on the ticket at the county primary for the position of central committee.

Notices calling the caucus meetings have been posted for the past week and there promises to be a good attendance at each. Six of the nine precincts will caucus at city hall, the Republicans of the Fifth ward having arranged to assemble at fire station No. 2. Both precincts of the First ward will meet at Turner hall.

The plan is an experiment put in effect by the county committee not long ago, and it is thought the results will be most gratifying.

THE REFERENDUM CLAUSE

Provides For a Vote On Accepting It to Be Taken at April Election.

ITS INTRODUCTION DEFERRED

Representative Crist Desiring to Hear Further From the Citizens Before Laying the Measure Before the Legislature—Wants to Be Certain.

Secretary Joseph Betz, of the Republican central committee, has just completed the alterations to the proposed registration bill, in accordance with the action of that body at its recent meeting.

The figures have been supplied, specifying what population a city must have to get in under the provisions of the act. It is thought East Liverpool will be the only city in Ohio to which the law can be made applicable; as, so far as can be learned, there is not another town in the state having a present population within the range of the law. The bill for cities provides registration for cities "having a population at the last federal census of not less than 16,100, nor more than 17,000."

The referendum clause reads:

Section 2—That this act shall be in force on and after the 1st day of May, 1902; provided, further, that at the election to be held on the first Monday in April, 1902, the question shall be submitted to the electors of all cities to which this act applies, and if a majority of the electors vote "Registration—Yes," then this act shall be in force, but if a majority of the electors vote "Registration—No," this act shall be null and void.

Secretary Betz is in receipt of a letter from Representative D. W. Crist, in which he says he would prefer presenting the bill without the referendum clause, but if it was the wish of those having the matter in hand, he would acquiesce.

Mr. Betz informed Mr. Crist today that the committee deemed it necessary, since there appears to be opposition to the proposition, to proceed in the manner outlined. If the people are given an opportunity of voting upon registration, the question will be decided by the majority, and the responsibility will rest with them.

A special from Columbus says: Representative Crist had intended to introduce the East Liverpool registration bill this week, but at the last moment he changed his mind and concluded to defer doing so until next week, in order to hear further expression of the views of the citizens of the pottery city on the merits of the measure. The bill was ready to be offered Thursday afternoon, but Mr. Crist desires to be certain that its provisions will be acceptable to the great majority of the city of East Liverpool before he lets go of it. In accordance with the suggestion of those who are urging the passage of the measure, the referendum clause has been incorporated in it.

The fellow who came to East Liverpool several weeks ago and buncoed a number of business men from whom he collected money for cards on which were printed a weather signal code, promising to arrange to have the whistle on the R. Thomas & Sons' pottery blown each day, is evidently floundering other victims. A Martin's Ferry paper contains the following:

"The merchants who spent their good money for the weather signal code to be distributed among their patrons, would like to hear the toot of the whistle at the furnace. The furnace people hardly may be expected to give the signal when they have no code."

19TH YEAR. NO. 33

EAST LIVERPOOL, O., SATURDAY, FEBRUARY 8, 1902.

TWO CENTS.

TURBULENT SESSION HELD BY THE OLD LIBRARY BOARD

President Insisted That the Organization Had Ceased to Exist.

THE MEMBERS DISAGREED

And a Lively Discussion Arose Over a Bill of \$400 For Books Bought.

AUTHORITY OF COMMITTEE

To Make the Purchase Was Disputed, But a Motion to Pay the Bill Carried And the Board Adjourned Since Die—Librarian's Salary Raised.

The old public library board consumed one hour and thirty minutes last night in one of the warmest and most stormy sessions ever held in the rooms.

The ball was started when the old association began to assemble. President Weisend insisted that the old board was dead—that it ceased to exist at the last meeting, held several weeks ago. However, the members took their places and the session began.

A bill from the book committee, asking the board to pay for the last consignment of books received by the committee, was presented. The bill amounted to in the neighborhood of \$400, and included \$3.30 for telephone tolls. A motion was made to pay the bill, but President Weisend refused to entertain the motion. An appeal was taken, and the question was put by the vice president. The discussion that followed was interesting, and some very pointed remarks were made. Mr. Weisend stated that the book committee, which consisted of Prof. R. E. Rayman, Harry Peach and P. J. McKeone, had no authority to place an order for books without consulting the wishes of the board, and that he was of the opinion the book committee had made the purchase for no other reason than the fact that they had been retired from the board, and were determined to deplete the treasury before they left.

Miss McLane, the librarian, also had a few remarks upon the alleged high-handed manner in which the committee had acted. She said it had been customary to consult the librarian in the purchase of supplies of this character, and that she had been absolutely ignored. This latter remark seemed to amuse Mr. Peach, who laughed, causing the librarian to exclaim in a loud tone that she had been insulted by Mr. Peach on many occasions, in his store and at the library. The chairman cautioned Miss McLane to be calm, whereupon she asserted that she was calm. A. H. Clark made remarks favoring the motion, and it was finally passed.

After a few small matters had been disposed of the old board adjourned sine die.

The session of the newly elected board was a short one, and was taken up mainly in its organization.

The election of officers resulted as follows: President, J. J. Weisend; vice president, D. B. Flowers; secretary, A. V. Gilbert; treasurer, LeRoy Orr.

P. J. McKeone, a member of the old organization, who had been re-elected, tendered his resignation at the meeting of the new board, and it was promptly accepted.

Miss McLane was retained as librarian and will receive an increase in salary of \$10 per month. The position formerly paid \$25. She will now receive \$35 for her services.

LEFT HER HUSBAND

A St. Clairsville Woman Eloped With a Young Man, Taking Her Child Along.

St. Clairsville, February 8.—A sensational elopement that filled the minds of the good people of this town with amazement took place Thursday when Thomas Naylor, a 20-year-old young man, and Mrs. William Harris, aged 25, ran away, taking with them the 7-year-old son of the woman and \$50 of her husband's hard-earned cash. The husband was not long in learning her perfidy and securing a rig, chased the twain to Bellaire.

Taylor was arrested and placed in jail, but Harris prevailed on his err-

ing wife to accompany him home. Mrs. Harris showed her infatuation for Naylor when she refused to accompany her husband until he made a promise not to prosecute her paramour. This the husband readily assented to, and with his wife and child returned to their peaceful domicile.

CHARGE OF LARCENY

PREFERRED AGAINST SALESMAN BY FORMER EMPLOYER.

Fred Linder, Arrested in Wellsville, Accused of Stealing From J. W. Cox, of Kensington.

Fred Linder, a salesman for a Kensington commission firm, was arrested in Wellsville a few days ago on a charge of larceny preferred by J. W. Cox, his former employer.

Linder had been in the employ of Mr. Cox for several months, but some time during the month of August last, he was discharged. It seems he was sufficiently well acquainted with the arrangement of the Cox establishment to be able to enter and depart at will. Mr. Cox now believes he has been relieved of various articles in the commission line from time to time ever since Linder's dismissal. The articles were missed, but as their value was comparatively small no attempt was made to apprehend the thief. The last haul, and the one that caused the man's downfall, was made last week. Three large cans of lard were missed and an investigation was at once made.

While acting as salesman and collector Linder had a number of customers in this city, among whom was Mrs. Huffman, of the Washington House. Not being aware that he had severed his connection with the Cox establishment, the lady purchased the lard. In a few days Wellsville officers called at the hotel and after examining the lard, pronounced it the property of Cox. Mrs. Huffman was ordered to discontinue the use of the stuff pending the outcome.

When Linder was arrested he denied all knowledge of the affair, but with the evidence the landlady was able to supply there can be no doubt a conviction will be secured.

STRUCK BY ELEVATOR

Bert Sayers, a Boy, Narrowly Escaped Death at the Laughlin Pottery.

A serious accident occurred at the Laughlin pottery No. 1 yesterday afternoon. Bert Sayers, employed in the warehouse, was almost killed by being struck by an elevator during its descent. Sayers was working on the second floor and the elevator had just passed up to the third floor.

The boy went to the shaft to speak to some workmen on the first floor and as he was leaning over the elevator gate the elevator was lowered, striking him on the back of the head, tearing the scalp from ear to ear. He was removed to his home in the West End, where his injuries were dressed by Dr. Bailey.

DIPPERS' LOCAL HELD FINE SOCIAL

Many Hundred Persons Were Present and Had an Enjoyable Time.

NEW POTTERY IS POSSIBLE

Prospects Good for the Completion of a Six-Kiln Plant Before Next Summer—News of Interest in Local Pottery Circles.

Dippers' local No. 18, after its business meeting last evening, held a social and entertainment which was considered the best ever given by that organization. Several hundred persons were present, including members of the local and their lady friends. One new member, Harry Herbert, was obligated last evening, making the total membership 62. During the evening music was furnished by Haines' band and Ormes' orchestra, and after 12 o'clock dancing was indulged in. The social session was opened by an address by President William Adams, of No. 18, who told of the advances made by the local since it was organized. This was followed by addresses by Wm. E. Adams, Miss Mountford, Miss Flossie McElhavy and George Ormes. During the evening luncheon was served.

Warehousewomen's local No. 7606 at a meeting held Thursday evening received 31 new members into the organization. The meeting was held in the Citizens' National bank building on Washington street. The new members were obligated by the president, Mrs. J. E. Jenkins. The attendance was so large that additional chairs had to be provided for the new members. Officers elected at the meeting two weeks ago were installed. The charter of the local was not closed Thursday evening as was expected. Instead it will remain open two weeks longer, after which the application for membership must be accompanied by \$1.50. The present initiation fee is but 50 cents. The local is in an excellent condition financially, and recently a piano was purchased.

There is every reason to believe that within the next three months a new pottery of possibly six kilns will be built in this city. During the past few weeks negotiations have been advanced in a quiet way with this end in view, and the efforts of the parties at the head of the movement are meeting with good success. The new concern will be a stock company, and it will be capitalized at something like \$100,000. The location of the new factory has not been decided upon, but this matter will likely be determined upon within a short time.

W. E. Wells, secretary of the Laughlin, when asked this morning if that company would build another pottery in the East End during the coming summer, said: "I assure you the company has no plans in view toward the erection of another plant. We have enough work on hand at present, and after we have this factory in full operation our attention may be directed to other things. At present we have no notion of either erecting another pottery or adding to our present capacity."

The Niles settlement is still hanging fire. The point in dispute is the settlement of the two and one-quarter days extra for placing small ware in the bisque kilns. The manufacturers refuse to act in the matter, as the owners, the Bradshaw brothers, are not members of the Manufacturing Potters' association. So now the matter is up to the Bradshaw brothers and the Brotherhood officials to settle. It is expected a settlement will be reached in a few days.

Kilnmen's local No. 9 met in Brotherhood hall last evening. Aside from the regular business many important questions were considered, which will be presented to the public very soon. Five proposition for membership were received and one candidate was obligated.

The marriage of Miss Jennie Hughes and Harry Butler has just been made public, although they were married early in December. Miss Hughes has been working at the Barker pottery as a transferer, while Mr. Butler has had charge of the decorating kilns of the same plant for

HARD SLEDDING FOR CERTAIN BILLS

Those Not Approved By the Legislative Steering Committee Stand Small Show.

MR. BUELL IS A MEMBER

Of This Important Body — Proposed Act to Wipe Out State Debt. Scheme to Have Physical Culture Teachers in All Cities of 10,000.

From a Staff Correspondent.

Columbus, February 8.—Representative Buell has been appointed a member of the steering committee. This committee will submit to a close scrutiny all measures affecting important interests and those not receiving the approval of this select body will have rough sledding. This committee proposes to keep under the close surveillance bills which have as their object the redistricting of the state. The committee is largely made up of Foraker, Daugherty and Hanna men, with the two former forces predominating.

This committee is composed of members who have a warm spot for Columbiana county and its men of affairs, and there is considerable assurance that the interests of the county will not be neglected if the potency of this body counts for anything. The appointment of Mr. Buell on this committee was agreed upon in recognition of the services performed by Columbiana county along political lines.

If the bill by Mr. Crafts, of Portage becomes a law all the state debt, save that which is irreducible, will be liquidated. The measure carries with it an appropriation of \$715,720, which is sufficient to wipe out all the state's indebtedness aside from the excepted obligations and will leave nothing but a clean balance sheet. This bill has been approved by the finance committee, of which Mr. Crafts is the chairman. It is the general appropriation and provides for \$67,000 less than that of two years ago.

A physical culture bill was introduced in the senate Friday morning requiring the employment of supervisors of physical culture in schools in all cities of a population of 10,000 or more. In cities where the population is less than 10,000 teachers will be required to instruct their pupils in physical culture and they themselves must take at least 10 lessons each year from a competent instructor. Each county must provide a fund of \$100 per annum to pay for this instruction.

The senate passed a house bill providing for the creation of a new board of control for the Ohio experiment station at Wooster. Governor Nash recommended the passage of the measure. The members of the old board have never been able to agree.

THE REFERENDUM CLAUSE

Provides For a Vote On Accepting It to Be Taken at April Election.

ITS INTRODUCTION DEFERRED

Representative Crist Desiring to Hear Further From the Citizens Before Laying the Measure Before the Legislature—Wants to Be Certain.

Secretary Joseph Betz, of the Republican central committee, has just completed the alterations to the proposed registration bill, in accordance with the action of that body at its recent meeting.

The figures have been supplied, specifying what population a city must have to get in under the provisions of the act. It is thought East Liverpool will be the only city in Ohio to which the law can be made applicable; as, so far as can be learned, there is not another town in the state having a present population within the range of the law. The bill for cities provides registration for cities "having a population at the last federal census of not less than 16,100, nor more than 17,000."

The referendum clause reads: Section 2—That this act shall be in force on and after the 1st day of May, 1902; provided, further, that at the election to be held on the first Monday in April, 1902, the question shall be submitted to the electors of all cities to which this act applies, and if a majority of the electors vote "Registration—Yes," then this act shall be in force, but if a majority of the electors vote "Registration—No," this act shall be null and void.

Secretary Betz is in receipt of a letter from Representative D. W. Crist, in which he says he would prefer presenting the bill without the referendum clause, but if it was the wish of those having the matter in hand, he would acquiesce.

Mr. Betz informed Mr. Crist today that the committee deemed it necessary, since there appears to be opposition to the proposition, to proceed in the manner outlined. If the people are given an opportunity of voting upon registration, the question will be decided by the majority, and the responsibility will rest with them.

A special from Columbus says: Representative Crist had intended to introduce the East Liverpool registration bill this week, but at the last moment he changed his mind and concluded to defer doing so until next week, in order to hear further expression of the views of the citizens of the pottery city on the merits of the measure. The bill was ready to be offered Thursday afternoon, but Mr. Crist desires to be certain that its provisions will be acceptable to the great majority of the city of East Liverpool before he lets go of it. In accordance with the suggestion of those who are urging the passage of the measure, the referendum clause has been incorporated in it.

The fellow who came to East Liverpool several weeks ago and buncoed a number of business men from whom he collected money for cards on which were printed a weather signal code, promising to arrange to have the whistle on the R. Thomas & Sons' pottery blown each day, is evidently finding other victims. A Martin's Ferry paper contains the following: "The merchants who spent their good money for the weather signal code to be distributed among their patrons, would like to hear the toot of the whistle at the furnace. The furnace people hardly can be expected to give the signal when they have no code."

EAST END

THEY WERE ENGAGED

MISS LEMMON AND BETZ WERE TO HAVE MARRIED IN JUNE.

The Already Married Groom Even Suggested the Kind of Dress for the Bride to Wear.

The publication in this paper last evening of the proposed elopement of Wm. U. Betz and Miss Daisy Lemmon, of the East End, caused no end of talk in that part of the city last evening.

Since the story became known additional matter has been brought to light which proves beyond doubt that Betz intended to marry Miss Lemmon. Last evening a reporter called at the home of Mrs. Lemmon, when Miss Lemmon said:

"Arrangements had been practically completed for our marriage, which was to occur next June. Betz went so far as to suggest what kind of a dress I was to wear, but I cannot say that he ever asked to marry me. I have been working at Sebring for some time, and during the past few weeks I have received a number of letters from him. In one of these he said he had made arrangements to go to Sebring Sunday, February 9, to visit me."

When asked if a report was true, that a marriage had already taken place, Miss Lemmon, in the presence of her parents, denied the fact and said that one could hear all sorts of stories which were not true.

It was learned this morning that Betz posed as an architect and that he had drawn plans for a number of houses to be built in the East End, but that no contractor would bid on his work. In one set of plans he drew he had seven steps on one side of a landing, while on the other side but six steps were shown.

Betz came to the East End last May and during the summer worked for Alex Chafin. Whether the man is now at Zanesville visiting his family is not known here.

Power House Improvement.

Work has been resumed by the United Power company at the power house to install the new boiler recently received. A gang of laborers are excavating east of the boiler room, and it is thought the boiler will be in position within 10 days. Work has been progressing in the engine room for several days connecting the new engine received several months ago. As soon as the new boiler is installed the new engine will be connected and started.

Conference on Street Railway.

John B. Hoefgen, of New York, was expected in this city last Thursday, but the gentleman failed to arrive. Word had been received by L. W. Mr. Hoefgen was formerly general manager of this road before this position was given to Mr. Healy.

Big Fish Catch.

MISS LEMMON AND BETZ WERE TO HAVE MARRIED IN JUNE.

The Already Married Groom Even Suggested the Kind of Dress for the Bride to Wear.

The publication in this paper last evening of the proposed elopement of Wm. U. Betz and Miss Daisy Lemmon, of the East End, caused no end of talk in that part of the city last evening.

Since the story became known additional matter has been brought to light which proves beyond doubt that Betz intended to marry Miss Lemmon. Last evening a reporter called at the home of Mrs. Lemmon, when Miss Lemmon said:

"Arrangements had been practically completed for our marriage, which was to occur next June. Betz went so far as to suggest what kind of a dress I was to wear, but I cannot say that he ever asked to marry me. I have been working at Sebring for some time, and during the past few weeks I have received a number of letters from him. In one of these he said he had made arrangements to go to Sebring Sunday, February 9, to visit me."

When asked if a report was true, that a marriage had already taken place, Miss Lemmon, in the presence of her parents, denied the fact and said that one could hear all sorts of stories which were not true.

It was learned this morning that Betz posed as an architect and that he had drawn plans for a number of houses to be built in the East End, but that no contractor would bid on his work. In one set of plans he drew he had seven steps on one side of a landing, while on the other side but six steps were shown.

Betz came to the East End last May and during the summer worked for Alex. Chaffin. Whether the man is now at Zanesville visiting his family is not known here.

Power House Improvement.

Work has been resumed by the United Power company at the power house to install the new boiler recently received. A gang of laborers are excavating east of the boiler room, and it is thought the boiler will be in position within 10 days. Work has been progressing in the engine room for several days connecting the new engine received several months ago. As soon as the new boiler is installed the new engine will be connected and started.

Conference on Street Railway.

John B. Hoefgen, of New York, was expected in this city last Thursday, but the gentleman failed to arrive. Word had been received by L. W. Healy, of the street railway company, that Mr. Hoefgen would be here to confer with matters concerning the road, but as his visit was deferred he is expected here next week. Mr. Hoefgen was formerly general manager of this road before this position was given to Mr. Healy.

RAILWAY EARNINGS INCREASE.

Interruption to Railway Traffic and Outdoor Work by Severe Storms Only Unfavorable Factor in Business Situation the Past Week.

New York, Feb. 8.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Interruption to railway traffic and outdoor work by severe storms was the only unfavorable factor in the business situation during the past week, while manufacturing activity increased, and distribution through retail channels was undiminished. Reports from the west are especially encouraging, but a few southern points are slow to exhibit improvement. Railway earnings continue their monotonous record of increase, for January gaining 7.2 per cent over last year and 24.2 per cent over 1900. The fourth week's earnings were somewhat reduced by bad weather.

Famine in Pig Iron.

Famine conditions exist in the market for pig iron. It is doubtful whether there was ever a time in the history of this nation when this metal was so scarce. Considering the fact that production during 1901 was far beyond all previous records, the present shortage gives indisputable evidence of the unprecedented rate at which the mills have been consuming. Controlling interests deprecate all tendencies to inflate prices, recognizing the fact that the continued heavy consumption is dependent upon quotations held at reasonable points. Nevertheless if deliveries are wanted before July 1 it is often necessary to pay a premium, and consumers have been compelled in some instances to place orders abroad. Efforts are being made to repurchase iron sent abroad last year, since that may evade the duty. German billets are still arriving, but the market abroad is advancing, which will tend to check the movement. Structural material supplies are utterly inadequate and the action of the Chicago council repealing the ordinance limiting the height of buildings has placed many new contracts on the market. Railways are so urgent for supplies that an order for rails may go abroad. In the light of these reports it is not surprising that exports of iron and steel fall off and foreign contracts receive scant attention.

Compared with the erratic course of the cereals during the preceding month or two, produce markets have been quiet this week. Dullness and lack of special influences were not productive of weakness, however, former quotations being stubbornly maintained. In the case of corn there are many expressions of faith in lower prices without aggressive speculation on the short side.

Commercial Failures During January.
Final returns of commercial failures during January exhibit an exceptionally large number of insolvencies and also an unusual amount of defaulted liabilities. In manufacturing lines there were 264 failures, involving \$6,308,948, an increase of \$1,607,964 over the liabilities last year. Defaulting traders numbered 1,120, with liabilities of \$7,116,972, an increase of 172 in number and \$1,805,168 in amount. Miscellaneous failures were 50 in number and \$886,581 in liabilities, exceeding January, 1901, by 10 in number, but showing a decrease of \$321,442 in defaulted liabilities.

weak, nervous, exhausted, all out of sorts. Overworked nerves are always irritable and restless. The eyelids twitch, the stomach rebels, the brain is fogged, and the heart is unsteady. Stop the waste of nerve-force. Stimulate digestion, strengthen the nerves, and replenish the vital power.

"Failing strength had reduced my vitality; grip brought on bronchitis and nervous prostration, and I suffered from dizzy spells, nervousness, confusion of the mind and palpitation of the heart. Dr. Miles' Nervine and Pills worked a complete cure." Mrs. J. E. HARWELL, East Atlanta, Ga.

was healthier and the breadth and activity in the market were maintained at Thursday's level. The professional operators, who largely absorbed the market, operated with considerable confidence and did not hesitate to buy, and bid up stocks in new quarters at the same time they were taking profits on their recent purchases in others. Some of the closely held investment stocks, which have had sensational advances recently because there were no shares for sale even at much higher bids, relapsed violently Friday on attempts to take profits, illustrating the narrowness of the market for this class of stocks. Small offerings are as effectual in forcing declines as are small purchases in causing advances. The insiders in these stocks being quite indifferent to their course in the speculative market.

The bond market was quite active, but irregular. Total sales, par value, \$3,280,000.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop formation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. Your only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get Dr. G. G. Green's reliable remedies at Charles F. Mr. A. Howell, Marietta, Ga., writes: "I have been troubled with catarrh in head, throat and stomach for several years, and from accounts that I have read in several newspapers of the good effects that many had received from Peruna, and whose veracity could not be doubted, caused me to give it a trial, and I bless the day that I did make a trial. It has made a new man of me."

"I was all my life up to about five years ago a very healthy man, and about that time I was troubled with catarrh. I tried a number of prescriptions from different doctors but none seemed to relieve me until I commenced the use of Peruna, and from its use I can truly say that I have been greatly benefited."

"I am now in my eighty-seventh year and can walk and get about as well as many much younger than myself and attribute it greatly to the use of Peruna. I keep some on hand all the time, and consider it the cheapest medicine in the world."—Mr. A. Howell.

J. R. Prince, East Leon, N. Y., writes: "Peruna has saved my life, and made a strong, healthy, jolly old man of me. Peruna is just what every family should not be without. I have taken very few colds since I have used Peruna, but when I do catch cold, Peruna is my medicine."

"A minister came to me last summer and said that he had seen my testimonial in the paper, and began taking Peruna. He said that it straightened him right up—he was troubled with kidney trouble) and Peruna cured him. I cannot express my thanks for the benefit your medicine has been to me."—J. R. Prince.

Abraham Ziegler, Piedmont, Wayne County, Mo., writes:

"My wife who is now eighty-seven years old, suffered for about sixteen years from severe catarrh of the head, which affected her sight and hearing. I saw Peruna advertised in your almanac, and testimonials similar to her case attracted my attention. I got one bottle and it helped her so much that she is now using the second bottle and she thinks it is something wonderful. Her hearing and sight are both in part restored."—Abraham Ziegler.

In old age the mucous membranes become thickened and partly lose their function. This leads to partial loss of hearing, smell and taste, as well as digestive disturbances. Peruna corrects all this by its specific operation on all the mucous membranes of the body. One bottle will convince anyone. Once used and Peruna becomes a life-long stand-by with old and young.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

FAMINE IN PIG IRON.

Doubtful Whether Ever So Scarce—Evidence of Great Consumption.

RAILWAY EARNINGS INCREASE.

Interruption to Railway Traffic and Outdoor Work by Severe Storms Only Unfavorable Factor in Business Situation the Past Week.

New York, Feb. 8.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Interruption to railway traffic and outdoor work by severe storms was the only unfavorable factor in the business situation during the past week, while manufacturing activity increased, and distribution through retail channels was undiminished. Reports from the west are especially encouraging, but a few southern points are slow to exhibit improvement. Railway earnings continue their monotonous record of increase, for January gaining 7.2 per cent over last year and 24.2 per cent over 1900. The fourth week's earnings were somewhat reduced by bad weather.

Famine in Pig Iron.

Famine conditions exist in the market for pig iron. It is doubtful whether there was ever a time in the history of this nation when this metal was so scarce. Considering the fact that production during 1901 was far beyond all previous records, the present shortage gives indisputable evidence of the unprecedented rate at which the mills have been consuming. Controlling interests deprecate all tendencies to inflate prices, recognizing the fact that the continued heavy consumption is dependent upon quotations held at reasonable points. Nevertheless if deliveries are wanted before July 1 it is often necessary to pay a premium, and consumers have been compelled in some instances to place orders abroad. Efforts are being made to repurchase iron sent abroad last year, since that may evade the duty. German billets are still arriving, but the market abroad is advancing, which will tend to check the movement. Structural material supplies are utterly inadequate and the action of the Chicago council repealing the ordinance limiting the height of buildings has placed many new contracts on the market. Railways are so urgent for supplies that an order for rails may go abroad. In the light of these reports it is not surprising that exports of iron and steel fall off and foreign contracts receive scant attention.

Compared with the erratic course of the cereals during the preceding month or two, produce markets have been quiet this week. Dullness and lack of special influences were not productive of weakness, however, former quotations being stubbornly maintained. In the case of corn there are many expressions of faith in lower prices without aggressive speculation on the short side.

Commercial Failures During January.

Final returns of commercial failures during January exhibit an exceptionally large number of insolvencies and also an unusual amount of defaulted liabilities. In manufacturing lines there were 264 failures, involving \$6308,948, an increase of \$1,607,964 over the liabilities last year. Defaulting traders numbered 1,120, with liabilities of \$7,116,972, an increase of 172 in number and \$1,805,168 in amount. Miscellaneous failures were 50 in number and \$886,581 in liabilities, exceeding January, 1901, by 19 in number, but showing a decrease of \$321,442 in defaulted liabilities.

weak, nervous, exhausted, all out of sorts. Overworked nerves are always irritable and restless. The eyelids twitch, the stomach rebels, the brain is fogged, and the heart is unsteady. Stop the waste of nerve-force. Stimulate digestion, strengthen the nerves, and replenish the vital power.

"Failing strength had reduced my vitality, grip brought on bronchitis and nervous prostration, and I suffered from dizzy spells, nervousness, confusion of the mind and palpitation of the heart. Dr. Miles' Nervine and Pills worked a complete cure." Mrs. J. E. HARWELL, East Atlanta, Ga.

was healthier and the breadth and activity in the market were maintained at Thursday's level. The professional operators, who largely absorbed the market, operated with considerable confidence and did not hesitate to buy, and bid up stocks in new quarters at the same time they were taking profits on their recent purchases in others. Some of the closely held investment stocks, which have had sensational advances recently because there were no shares for sale even at much higher bids, relapsed violently Friday on attempts to take profits, illustrating the narrowness of the market for this class of stocks. Small offerings are as effectual in forcing declines as are small purchases in causing advances. The insiders in these stocks being quite indifferent to their course in the speculative market.

The bond market was quite active, but irregular. Total sales, par value, \$3,280,000.

U. S. old 4s advanced ¼ per cent on the last call.

DIED WHILE ON THE WAY TO DYING WIFE'S BEDSIDE.

Havana, Feb. 8.—John Shea, of New Orleans, a clerk in the quarter-master's department here, was notified Thursday that his wife, who was ill at the hospital, was dying. Shea summoned a carriage and started for the hospital, but died in the conveyance. His wife also died Thursday. The couple will be buried together.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

CONTRACTS FOR ENGINES

For the Big New Car Plant at Vanport Given at Salem.

Salem, February 8.—The Buckeye Engine company has taken the contract to furnish four large engines for the Standard Steel Car company, which will build an immense plant on the Ohio river, between Vanport and Beaver, Pa.

The latter company lately purchased a site there from a Pittsburg party, and the contract for 1,000 dwellings to be erected thereon has been let.

Clothing Store Robbed.

Beaver, February 8.—The dry goods store of Aaron Wilson in the Beaver postoffice building was burglarized last night. An entrance was gained by breaking a pane of glass in the front door. About \$500 worth of jewelry, gloves, etc., was secured. There is no clue to the thieves.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop formation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. Your only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get Dr. G. G. Green's reliable remedies at Charles F. Craig's, Foutts Bldg., East Liverpool, O. Get Green's special almanac.

Travelers to California

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scenic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal George, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Lou's, Denver and San Francisco. Dining cars (service a la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hocper, G. P. & T. A., Denver, Col. 7-13-14

A WISCONSIN PIONEER

Recommends Pe-ru-na as Being Worth its Weight in Gold.

Hon. John Paulin, Sr., a pioneer of Port Washington, Wis., is held in high esteem by the residents of that place. He is one of the oldest citizens. In a recent letter he says:

"I have used Peruna with good results for coughs and colds. It has also cured my catarrh which always became worse when affected with but a slight cold. I am recommending Peruna because it is worth its weight in gold."—JOHN PAULIN, SR.

Mr. A. Howell, Marietta, Ga., writes: "I have been troubled with catarrh in head, throat and stomach for several years, and from accounts that I have read in several newspapers of the good effects that many had received from Peruna, and whose veracity could not be doubted, caused me to give it a trial, and I bless the day that I did make a trial. It has made a new man of me."

"I was all my life up to about five years ago a very healthy man, and about that time I was troubled with catarrh. I tried a number of prescriptions from different doctors but none seemed to relieve me until I commenced the use of Peruna, and from its use I can truly say that I have been greatly benefited."

"I am now in my eighty-seventh year and can walk and get about as well as many much younger than myself and attribute it greatly to the use of Peruna. I keep some on hand all the time, and consider it the cheapest medicine in the world."—Mr. A. Howell.

J. R. Prince, East Leon, N. Y., writes: "Peruna has saved my life, and made a strong, healthy, jolly old man of me. Peruna is just what every family should not be without. I have taken very few colds since I have used Peruna, but when I do catch cold, Peruna is my medicine."

"A minister came to me last summer and said that he had seen my testimonial in the paper, and began taking Peruna. He said that it straightened him right up—he was troubled with kidney trouble and Peruna cured him. I cannot express my thanks for the benefit your medicine has been to me."—J. R. Prince.

Abraham Ziegler, Piedmont, Wayne County, Mo., writes: "My wife who is now eighty-seven years old, suffered for about sixteen years from severe catarrh of the head, which affected her sight and hearing. I saw Pe-ru-na advertised in your almanac, and testimonials similar to her case attracted my attention. I got one bottle and it helped her so much that she is now using the second bottle and she thinks it is something wonderful. Her hearing and sight are both in part restored."—Abraham Ziegler.

In old age the mucous membranes become thickened and partly lose their function. This leads to partial loss of hearing, smell and taste, as well as digestive disturbances. Pe-ru-na corrects all this by its specific operation on all the mucous membranes of the body. One bottle will convince anyone. Once used and Pe-ru-na becomes a life-long stand-by with old and young.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

A navy department order has just
extended for another six months the
leave of absence of Commander Robert
E. Peary, the Arctic explorer. Mr.
Peary is a civil engineer in the navy
and his present leave of absence with
full pay dates from May, 1897. He has
been in the service 20 years, but in
all that time has been actually em-
ployed only nine years. Voluntarily
he has engaged in far more difficult
and dangerous work than any that
Uncle Sam requires of naval officers.

The nations of Europe which are
disputing as to which of them was
the greatest and best friends of the
United States during our dispute with
Spain need to be reminded that Amer-
ica lives for the future, not in the past.
What is interesting us most now is
present and coming international
amity. The opportunity for other gov-
ernments to show their friendship has
not passed; it always exists.

Andrew Carnegie, in a recent
speech, humorously suggested as his
own epitaph: "Here lies a man who
knew how to get around him a great
many men who were much cleverer
than he was himself." Herein is the
secret of many a man's success. Few
of the successful ones, however, so
frankly acknowledge it, but take all
the credit, when any is coming, and
let others bear the blame, when
blame is due.

The text of the treaty between Den-
mark and the United States, for the
purchase by this nation of the Dan-
ish West India islands, shows that the
inhabitants of the islands will have
no ground for complaint of the sort
of government to be given them. The
chances are all in favor of them find-
ing it the best they ever had.

New York proposes soon to have a
law that will prevent the shooting of
live pigeons for sport. The pigeon is
a harmless and pretty bird, and there
is no apparent reason, except natural
love of cruelty, why men should de-
sire to take its life to test their mark-
smanship. The less "sport" there is of
that nature the better for the world.

The Klondike press agents could
not have known of the approach of a

to attempt to induce any enthusiastic
rush of emigration toward the arctic
regions.

Though the pig iron output last
year eclipsed all records, that mate-
rial is now alarmingly scarce. This
condition of affairs shows, better than
anything else could, the healthy state
of the manufacturing and building
business, railroad improvement and
other lines of industrial enterprise.

Besides leading the world in the
production of the most useful metal,
iron, the United States in 1900 pro-
duced \$79,000,000 worth of gold, \$36-
000,000 worth of silver, \$98,000,000
worth of copper, \$23,000,000 worth of
lead and \$10,000,000 worth of zinc.

Youngstown is reported fearful lest

OBITUARY

Burke Watson.

Mr. and Mrs. James Larkins, of this
city, left for Wheeling yesterday af-
ternoon in response to a message re-
ceived announcing the sudden death
of Burke Watson, a brother of Mrs.
Larkins. Watson was a bricklayer
and held every important office in
the bricklayers' union. When Mrs.
Watson went to an adjoining room
to call him for dinner, she found him
sitting in a chair gasping for breath.
Death was due to heart failure. Mr.
Watson was held in high esteem by
his fellow workmen.

AT THE THEATER

The newspapers all over the country
have only words of praise for the
Schiller Stock company, including
Miss Ella Fontaineblum, which opens
a week's engagement at the Grand

Plays to be presented: Monday, "The

Thursday, "Womans' Enemy;" Friday,
"Sapho;" Saturday matinee, "Uncle
Tom's Cabin;" Saturday night,
"Daughters of the Poor."

The King Dramatic company made
a great hit last night in its production
of "Blue Jeans." The opera house was
not more than half-filled, but the
play was of a nature worthy of a
crowded house. Each part in the cast
was cleverly carried out, and though
the play has been given here by high-
priced companies, the production was
put on last night was never exceeded
in excellence.

Hiram Rigby, late of the Keswick
China company, expects to have his
new pottery at New Brighton in op-
eration early in March. It will start
with two kilns, making a general line
of ware. At the Cheswick Mr. Rigby
has been succeeded by Mr. Davis, for-
merly with the Mercer pottery, of
Trenton. He is a nephew of the
late Isaac Davis, who was a promi-
nent potter.

The Barberton Pottery company,
which has changed its plans to double
its capacity, since beginning to build
in Barberton, has its building ready
to roof. This company started to
build with an idea of beginning with
a capacity of seven kilns. Present
plans, however, are for 14 kilns when
ready for business.

A new boiler is being installed in
one of the engine rooms at the East
End sewerpipe works. The boiler was
ordered several weeks ago. It is be-
ing placed on the hill above the large
plant and will be used to pull the cars
from the cars from the clay mine. The
old boiler has been in use for several
years.

The foundation walls for the new
Elite pottery, being erected at Tren-
ton, are completed and further work
has ceased until the weather becomes
more open. The owners of the con-
cern are: Assemblyman George W.
Page, Fire Commissioner Louis Diehl,
John Brian and Samuel Bedson.

Although little is being said about
the matter, quite a number of persons
have been hired by the Barberton com-
pany to work at the plant after its
erection. The majority of these men
are said to be now employed in one of
the river potteries.

The joint arbitration board held a

weeks place before the trade a num-
ber of new decorations on jardiniere,
pedestals and spittoons. Art Design-
er Arthur Mountford is now making
the designs, which are very neat and
will be sure to meet with favor.

The packing department of Laugh-
lin No. 2 has been rushed during the
past few weeks. Eight packers are
now employed. An increased amount
of decorated ware is being sold.

An association football game will be
played this afternoon on the lot in the

HERBERT'S ORCHESTRA

Invited to East Liverpool, Likely to
Be Unable to
Come.

An effort was made this week by
local musicians to secure Victor Her-
bert's orchestra for a concert in this
city during the present season, but
from information received today it is
hardly probable the organization will
be able to visit East Liverpool.

It was the desire of the parties in-
terested to bring the full orchestra,
and the failure to secure it will not be
by reason of any lack of guarantee as
to money. It seems the season is
booked full, and unless something un-
looked for occurs to interfere with the
present bookings, the management
will be unable to furnish a date.

Following is a letter received today:
Pittsburg, Feb. 8, 1902.

"I thank you very much for your
letter of Jan. 31. The Pittsburgh or-
chestra has no open time this season,
and we have already done too much
traveling. I wish very much we could
accommodate you, and I am very sorry
to tell you that the orchestra Mr. Her-
bert will take out for the spring tour
cannot meet your dates. I wish now
you could take up with me the matter
of a concert next year, when we are
enroute to Cleveland, because we shall
do very little traveling next season.

empty beer bottles, were brought here
and sold to Luke Walters this morn-

of the strongest prohibition townships
in the county. There were over 2,000
bottles in the sleds. Last week 1,649
empty beer bottles were brought from
the same town and sold here, making
nearly 4,000 in two weeks. Evidently
the residents of that prohibition town-
ship are using the amber fluid as a
disinfectant.

Columbus, Feb. 8.—A movement to

A navy department order has just
 extended for another six months the
 leave of absence of Commander Rob-
 ert E. Peary, the Arctic explorer. Mr.
 Peary is a civil engineer in the navy
 and his present leave of absence with
 full pay dates from May, 1897. He has
 been in the service 20 years, but in
 all that time has been actually em-
 ployed only nine years. Voluntarily
 he has engaged in far more difficult
 and dangerous work than any that
 Uncle Sam requires of naval officers.

The nations of Europe which are
 disputing as to which of them was
 the greatest and best friends of the
 United States during our dispute with
 Spain need to be reminded that it
 makes very little difference, Ameri-
 ca lives for the future, not in the past.
 What is interesting us most now is
 present and coming international
 amity. The opportunity for other gov-
 ernments to show their friendship has
 not passed; it always exists.

Andrew Carnegie, in a recent
 speech, humorously suggested as his
 own epitaph, "Here lies a man who
 knew how to get around him a great
 many men who were much cleverer
 than he was himself." Herein is the
 secret of many a man's success. Few
 of the successful ones, however, so
 frankly acknowledge it, but take all
 the credit, when any is coming, and
 let others bear the blame, when
 blame is due.

The text of the treaty between Den-
 mark and the United States, for the
 purchase by this nation of the Dan-
 ish West India islands, shows that the
 inhabitants of the islands will have
 no ground for complaint of the sort
 of government to be given them. The
 chances are all in favor of them find-
 ing it the best they ever had.

New York proposes soon to have a
 law that will prevent the shooting of
 live pigeons for sport. The pigeon is
 a harmless and pretty bird, and there
 is no apparent reason, except natural
 love of cruelty, why men should de-
 sire to take its life to test their mark-
 smanship. The less "sport" there is of
 that nature the better for the world.

The Klondike press agents could
 not have known of the approach of a
 cold wave or they would have post-
 poned for a time their regular an-
 nouncement of new and rich gold dis-
 coveries. It is not the right season
 to attempt to induce any enthusiastic
 rush of emigration toward the arctic
 regions.

Though the pig iron output last
 year eclipsed all records, that mate-
 rial is now alarmingly scarce. This
 condition of affairs shows, better than
 anything else could, the healthy state
 of the manufacturing and building
 business, railroad improvement and
 other lines of industrial enterprise.

Besides leading the world in the
 production of the most useful metal,
 iron, the United States in 1900 pro-
 duced \$79,000,000 worth of gold, \$36,-
 000,000 worth of silver, \$98,000,000
 worth of copper, \$23,000,000 worth of
 lead and \$10,000,000 worth of zinc.

Youngstown is reported fearful lest
 a ripper bill be enacted. One of the
 strongest arguments advanced by the
 supporters of the new Ohio municipal

The anti-expansionists are missing

 tracting public notice. Why don't
 they rise on their hind legs and howl

Gov. Taft says the Filipino women

OBITUARY

Burke Watson.

Mr. and Mrs. James Larkins, of this
 city, left for Wheeling yesterday af-
 ternoon in response to a message re-
 ceived announcing the sudden death
 of Burke Watson, a brother of Mrs.
 Larkins. Watson was a bricklayer
 and held every important office in
 the bricklayers' union. When Mrs.
 Watson went to an adjoining room
 to call him for dinner, she found him
 sitting in a chair gasping for breath.
 Death was due to heart failure. Mr.
 Watson was held in high esteem by
 his fellow workmen.

AT THE THEATER

The newspapers all over the country
 have only words of praise for the
 Schiller Stock company, including
 Miss Ella Fontaineblum, which opens
 a week's engagement at the Grand
 opera house next Monday evening.
 Plays to be presented: Monday, "The
 City of New York;" Tuesday, "Monte
 Cristo;" Wednesday, "Jesse James;"
 Thursday, "Womans' Enemy;" Friday,
 "Sapho;" Saturday matinee, "Uncle
 Tom's Cabin;" Saturday night,
 "Daughters of the Poor."

The King Dramatic company made
 a great hit last night in its production
 of "Blue Jeans." The opera house was
 not more than half-filled, but the
 play was of a nature worthy of a
 crowded house. Each part in the cast
 was cleverly carried out, and though
 the play has been given here by high-
 priced companies, the production as
 put on last night was never exceeded
 in excellence.

Hiram Rigby, late of the Keswick
 China company, expects to have his
 new pottery at New Brighton in oper-
 ation early in March. It will start
 with two kilns, making a general line
 of ware. At the Cheswick Mr. Rigby
 has been succeeded by Mr. Davis, for-
 merly with the Mercer pottery, of
 Trenton. He is a nephew of the
 late Isaac Davis, who was a promi-
 nent potter.

The Barberton Pottery company,
 which has changed its plans to double
 its capacity, since beginning to build
 in Barberton, has its building ready
 to roof. This company started to
 build with an idea of beginning with
 a capacity of seven kilns. Present
 plans, however, are for 14 kilns when
 ready for business.

A new boiler is being installed in
 one of the engine rooms at the East
 End sewerpipe works. The boiler was
 ordered several weeks ago. It is be-
 ing placed on the hill above the large
 plant and will be used to pull the cars
 from the clay mine. The
 old boiler has been in use for several
 years.

The foundation walls for the new
 Elite pottery, being erected at Tren-
 ton, are completed and further work
 has ceased until the weather becomes
 more open. The owners of the con-
 cern are: Assemblyman George W.
 Page, Fire Commissioner Louis Diehl,
 John Brian and Samuel Bedson.

Although little is being said about
 the matter, quite a number of persons
 have been hired by the Barberton com-
 pany to work at the plant after its
 erection. The majority of these men
 are said to be now employed in one of
 the river potteries.

The joint arbitration board held a
 meeting last night at the Potters'
 club, and while a great many impor-
 tant matters were taken up and dis-
 cussed by the members, no disputes
 were disposed of finally.

Though local union No. 32 has not
 as yet increased the pay of the dele-
 gates to the national convention, it is
 said that if the move is a general one
 among the subordinate organizations,
 it will not hesitate to do so.

Laughlin No. 2 will within a few
 weeks place before the trade a num-
 ber of new decorations on jardiniere,
 pedestals and spittoons. Art Design-
 er Arthur Mountford is now making
 the designs, which are very neat and
 will be sure to meet with favor.

The packing department of Laugh-
 lin No. 2 has been rushed during the
 past few weeks. Eight packers are
 now employed. An increased amount
 of decorated ware is being sold.

An association football game will be
 played this afternoon on the lot in the

 est of the East Liverpool Potteries

 number of friends at her home in
 Jackson square Monday evening.

A sledging party was given last eve-
 ning by the gilders of the Laughlin to

OBITUARY

Burke Watson.

Mr. and Mrs. James Larkins, of this
city, left for Wheeling yesterday af-
ternoon in response to a message re-
ceived announcing the sudden death
of Burke Watson, a brother of Mrs.
Larkins. Watson was a bricklayer
and held every important office in
the bricklayers' union. When Mrs.
Watson went to an adjoining room
to call him for dinner, she found him
sitting in a chair gasping for breath.
Death was due to heart failure. Mr.
Watson was held in high esteem by
his fellow workmen.

AT THE THEATER

The newspapers all over the country
have only words of praise for the
Schiller Stock company, including
Miss Ella Fontaineblum, which opens
a week's engagement at the Grand
opera house next Monday evening.
Plays to be presented: Monday, "The
City of New York;" Tuesday, "Monte
Cristo;" Wednesday, "Jesse James;"
Thursday, "Womans' Enemy;" Friday,
"Sapho;" Saturday matinee, "Uncle
Tom's Cabin;" Saturday night,
"Daughters of the Poor."

The King Dramatic company made
a great hit last night in its production
of "Blue Jeans." The opera house was
not more than half-filled, but the
play was of a nature worthy of a
crowded house. Each part in the cast
was cleverly carried out, and though
the play has been given here by high-
priced companies, the production as
put on last night was never exceeded
in excellence.

Hiram Rigby, late of the Keswick
China company, expects to have his
new pottery at New Brighton in oper-
ation early in March. It will start
with two kilns, making a general line
of ware. At the Cheswick Mr. Rigby
has been succeeded by Mr. Davis, for-

The Barberton Pottery company,
which has changed its plans to double
its capacity, since beginning to build
in Barberton, has its building ready
to roof. This company started to
build with an idea of beginning with
a capacity of seven kilns. Present
plans, however, are for 14 kilns when
ready for business.

A new boiler is being installed in
one of the engine rooms at the East
End sewerpipe works. The boiler was
ordered several weeks ago. It is be-
ing placed on the hill above the large
plant and will be used to pull the cars
from the cars from the clay mine. The
old boiler has been in use for several
years.

The foundation walls for the new
Elite pottery, being erected at Tren-
ton, are completed and further work
has ceased until the weather becomes
more open. The owners of the con-
cern are: Assemblyman George W.
Page, Fire Commissioner Louis Diehl,
John Brian and Samuel Bedson.

Although little is being said about
the matter, quite a number of persons
have been hired by the Barberton com-
pany to work at the plant after its
erection. The majority of these men
are said to be now employed in one of
the river potteries.

HERBERT'S ORCHESTRA

Invited to East Liverpool, Likely to
Be Unable to Come.

An effort was made this week by
local musicians to secure Victor Her-
bert's orchestra for a concert in this
city during the present season, but
from information received today it is
hardly probable the organization will
be able to visit East Liverpool.

It was the desire of the parties in-
terested to bring the full orchestra,
and the failure to secure it will not be
by reason of any lack of guarantee as
to money. It seems the season is
booked full, and unless something un-
looked for occurs to interfere with the
present bookings, the management
will be unable to furnish a date.

Following is a letter received today:
Pittsburg, Feb. 8, 1902.

"I thank you very much for your
letter of Jan. 31. The Pittsburgh or-
chestra has no open time this season,
and we have already done too much
traveling. I wish very much we could
accommodate you, and I am very sorry
to tell you that the orchestra Mr. Her-
bert will take out for the spring tour
cannot meet your dates. I wish now
you could take up with me the matter
of a concert next year, when we are
enroute to Cleveland, because we shall
do very little traveling next season.

empty beer bottles, were brought here
and sold to Luke Walters this morn-

in the county. There were over 2,000
bottles in the sleds. Last week 1,549
empty beer bottles were brought from
the same town and sold here, making
nearly 4,000 in two weeks. Evidently
the residents of that prohibition town-
ship are using the amber fluid as a

POOR PLAYING

Characterized the Lisbon-Wellsville Bowling Match at the County Seat Last Night.

In the history of bowling a poorer series of games has seldom been witnessed than those played on the Nicholls' alleys in Lisbon last evening. The contesting teams were the "Colts," of Lisbon, and the Invincibles, of Wellsville. The former team, although making a bad score, won the series without any perceptible effort. The games were started promptly at 8 o'clock and before 10 o'clock the visiting team left the alleys with bowed heads evidencing a humiliating defeat.

The total number of pins credited to each team was: Colts, 2,202; Invincibles, 1,994.

After the games a banquet was served the Wellsville team at the Hostetter house and the Lisbon bowlers are pronounced most hospitable. A contest was arranged to be played between the two teams on Campbell's alleys, Wellsville, next Saturday evening.

ROLLED DOWN THE HILL

Four Young Upset From a Sleigh on the Road to Lisbon.

Richard Harsha, Leonard Aughinbaugh, R. B. Campbell and a young man whose name could not be learned, had an exciting accident last evening while driving to Lisbon in a sleigh. They were driving along a hillside near Glasgow when the sleigh bumped against a log, which could not be seen owing to a deep covering of snow and overturned, precipitating the occupants to the base of the hill a distance of 20 feet.

Luckily the horse soon stopped and the men, although slightly discomfited, continued their journey without further accident.

TOO CLOSE TO THE FIRE

Little Girl Painfully Burned—Mother Injured in Effecting Rescue.

Mary, a little daughter of Mr. and Mrs. James Lindsay, of Commerce street, is suffering intensely from the effects of burns received while standing too close to an open grate fire, the flames bursting forth and igniting her clothing. Her mother was in an adjoining room and, hearing the screams of her daughter, hastened to her assistance and without much difficulty succeeded in extinguishing the flames.

Mrs. Lindsay, in the rescue, burned her hands quite painfully, but no serious results are anticipated.

EASY VICTORY

Y. M. C. A. BASKET BALL TEAM BEAT PITTSBURG.

The Visitors Were Not in the Game at Any Time—Score Was 58 to 6.

The Y. M. C. A. basket ball team won a great victory last evening by administering defeat to the Aloysius team, of Pittsburgh, by the score of 58 to 6. The game was exciting at times, but the home team had things so much their own way that the visitors looked like novices. The teams lined up as follows:

Aloysius—Center, Hager; forwards, Baldesberger and Belsaur; guards, Geiger, Yellig and Schnaer.

Y. M. C. A.—Center, Allison; forwards, Bloor and R. Rigby; guards, T. Watkins and Armour.

Hager, of the Aloysius team, made one field goal and four foul goals, thus scoring all the points credited to the visitors. Allison, of the home team, lead the score, making 12 field goals. Armour came next with seven field goals.

Ibeck was umpire and Stevenson referee.

FAREWELL SURPRISE

Given at the Home of Rev. J. G. Reinartz By Young People's Lutheran Society.

One of the most unique surprise parties which has been given in the city for some time, was that which occurred at the residence of Rev. J. G. Reinartz last night. The affair was given by the Young People's Lutheran Society, of St. John's Evangelical Church, in honor of Miss Ida Ereichel, a niece of Rev. and Mrs. J. G. Reinartz. It was in the nature of a farewell from the society to one of its most popular members who is shortly to leave for her home at Plymouth, Wisconsin, after spending several months in this city.

Each guest received a souvenir of the occasion, upon which was printed the menu and farewell song. The former was especially fine, being written in Latin, French, German and English terms. The refreshments were very dainty. A program under the name of "toasted toast" had been prepared by the members and each person was to give a short talk upon the subject assigned.

Mr. Shrieber acted as toast-master and the toasts were as follows: "Absence makes the heart grow fonder;" original poem on a sleighing party in which the young people figured; "The best of friends must part;" "Streichholz," (a match); Roasts: Dialogue, "The long and the short of it," by two members who answer that description.

The program being concluded the society joined in the singing of an original song: "Good Bye, Ida, Dear," a parody on "Good Bye Dolly Gray," composed by the members. The song was of touching beauty.

So much originality and sentiment was revealed at this gathering that the pastor, upon the solicitation of the members to speak, took as his subject, "Latent Talents." Mr. Reinartz commented upon the talent here displayed and expressed a desire that it might be used in the cause of Christ and in the uplifting of His kingdom.

FEAST OF GOOD THINGS

For the Large Audiences Which Are Attending the First Presbyterian Church.

The large audiences which attended the services at the First Presbyterian church during the week have had a feast of good things. The soul-inspiring music, the messages from the servants of God, have been the means of leading many a Christian into a deeper and richer experience in spiritual things. Many have turned to "the way, the truth and the life."

Rev. Mr. Biederwolf's text last evening was Romans 6:23, "The wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord." He showed by the word of God the hopelessness of the soul which passes into eternity without having accepted the atonement for sin in Jesus Christ.

Prof. Maxwell sang with powerful impression a "Dream of the Judgment Day." Many accepted the invitation to become Christians.

Rev. Mr. Biederwolf and Prof. Maxwell will conduct four services in the Presbyterian church tomorrow. (1) Sunday school, 9:30; (2) regular 11 o'clock services; (3) 2:30 p. m., for men only. There will be a large male chorus. Prof. Maxwell will sing. Rev. Mr. Biederwolf's subject is "The Athletics of Life." He is a member of the Manhattan Athletic club, instructor in gymnastics, and for several years was on the foot ball field and track. Tickets will be required at the door, which can be had free. Rev. Mr. Biederwolf will preach especially to young people at 7:30 p. m.

REVISION OF CREED.

Presbyterian Committee Adopted One Article, Relating to Revelation.

SUBSTANCE REMAINS SAME.

Changes Made Consist Chiefly in the Manner of Expression—This Action Will Stand Unless, Reconsidered.

To Review Action of Thursday.

Philadelphia, Feb. 8.—The committee on creed revision of the Presbyterian church, which is now sitting in this city, devoted both sessions yesterday to the consideration of a brief statement of doctrine devoid of all technicalities for popular use. Earnest and exhaustive discussion was had over the points that should be included in the statement. At the conclusion of the afternoon session yesterday a member of the committee said:

"After a full and free discussion the committee has adopted one article which relates to revelation. We have agreed upon the form of the article. The substance remains the same. The changes made consist chiefly in the manner of expression. This is the first point that has been voted upon by the committee and formally adopted. The action today will stand unless it is reconsidered, which can be done only by a two-thirds vote.

"The committee tomorrow will return to the discussion of the revision of the confession. We shall go back to review the action taken tentatively on Thursday, when it was agreed to revise chapters III and X of the confession by a declaratory statement."

MRS. SOFFEL HAS IMPROVED.

She Will Be Kept In Butler For Two Weeks—Visited by Her Attorney.

Butler, Pa., Feb. 8.—The return of Mrs. Soffel, the runaway wife of Warden Peter K. Soffel, to Pittsburgh for a hearing on a charge of complicity in the escape of the Biddles is now indefinitely postponed. Her release of Thursday is the cause.

The hospital physicians who are attending her last night united in pronouncing her case much improved, with no signs of immediate collapse, mentally or physically, but they say it is impossible to set a date within the next 10 days when she may be removed.

She was visited by her attorney, Richard Scandrett, of Pittsburgh.

OPPOSES THE SCHLEY APPEAL.

Sampson's Attorneys Have Filed an Argument in His Behalf With the President.

Washington, Feb. 8.—E. S. Theall, representing Stanton and Campbell counsel for Rear Admiral Sampson, called at the White House and filed with the president a brief in the Schley case.

The document is short and devoted entirely to one subject, namely, a protest against the claim set up in Admiral Schley's appeal that he was in supreme command during the battle off Santiago. The paper will be considered by the president in connection with Admiral Schley's appeal and the navy department's comment.

MINERS ADOPTED THE SCALE.

Old Agreement of Previous Year Acceptor, by Leaders' Advice.

Indianapolis, Feb. 8.—In a secret session, which was begun last evening and ended after midnight, the massed delegates of the United Mine Workers, acting finally upon the advice of each of the national officers, adopted the report of the joint scale committee made last night, which reaffirmed the scale of 1901, as a whole.

Schleys Given an Ovation.

Asheville, N. C., Feb. 8.—Admiral and Mrs. Schley were given an ovation here yesterday afternoon on their way from Knoxville to Washington. The train stopped 20 minutes and during that time Mrs. Schley was presented a large bouquet by local Knights Templar and the admiral spoke briefly to the throng at the station.

FAREWELL SURPRISE

Given at the Home of Rev. J. G. Reinartz By Young People's Lutheran Society.

One of the most unique surprise parties which has been given in the city for some time, was that which occurred at the residence of Rev. J. G. Reinartz last night. The affair was given by the Young People's Lutheran Society, of St. John's Evangelical Church, in honor of Miss Ida Ereichel, a niece of Rev. and Mrs. J. G. Reinartz. It was in the nature of a farewell from the society to one of its most popular members who is shortly to leave for her home at Plymouth, Wisconsin, after spending several months in this city.

Each guest received a souvenir of the occasion, upon which was printed the menu and farewell song. The former was especially fine, being written in Latin, French, German and English terms. The refreshments were very dainty. A program under the name of "toasted toast" had been prepared by the members and each person was to give a short talk upon the subject assigned.

Mr. Shrieber acted as toast-master and the toasts were as follows: "Absence makes the heart grow fonder;" original poem on a sleighing party in which the young people figured; "The best of friends must part;" "Streichholz," (a match); Roasts: Dialogue, "The long and the short of it," by two members who answer that description.

The program being concluded the society joined in the singing of an original song: "Good Bye, Ida, Dear," a parody on "Good Bye Dolly Gray," composed by the members. The song was of touching beauty.

"So much originality and sentiment was revealed at this gathering that the pastor, upon the solicitation of the members to speak, took as his subject, "Latent Talents." Mr. Reinartz commented upon the talent here displayed and expressed a desire that it might be used in the cause of Christ and in the uplifting of His kingdom.

FEAST OF GOOD THINGS

For the Large Audiences Which Are Attending the First Presbyterian Church.

The large audiences which attend the services at the First Presbyterian church during the week have had a feast of good things. The soul-inspiring music, the messages from the servants of God, have been the means of leading many a Christian into a deeper and richer experience in spiritual things. Many have turned to "the way, the truth and the life."

Rev. Mr. Biederwolf's text last evening was Romans 6:23, "The wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord." He showed by the word of God the hopelessness of the soul which passes into eternity without having accepted the atonement for sin in Jesus Christ.

Prof. Maxwell sang with powerful impression a "Dream of the Judgment Day." Many accepted the invitation to become Christians.

Rev. Mr. Biederwolf and Prof. Maxwell will conduct four services in the Presbyterian church tomorrow. (1) Sunday school, 9:30; (2) regular 11 o'clock services; (3) 2:30 p. m., for men only. There will be a large male chorus. Prof. Maxwell will sing, Rev. Mr. Biederwolf's subject is "The Athletics of Life." He is a member of the Manhattan Athletic club, instructor in gymnastics, and for several years was on the foot ball field and track. Tickets will be required at the door, which can be had free. Rev. Mr. Biederwolf will preach especially to young people at 7:30 p. m.

REVISION OF CREED.

Changes Made Consist Chiefly in the Manner of Expression—This Action Will Stand Unless Reconsidered.

To Review Action of Thursday.

Philadelphia, Feb. 8.—The committee on creed revision of the Presbyterian church, which is now sitting in this city, devoted both sessions yesterday to the consideration of a brief statement of doctrine devoid of all technicalities for popular use. Earnest and exhaustive discussion was had over the points that should be included in the statement. At the conclusion of the afternoon session yesterday a member of the committee said:

"After a full and free discussion the committee has adopted one article which relates to revelation. We have agreed upon the form of the article. The substance remains the same. The changes made consist chiefly in the manner of expression. This is the first point that has been voted upon by the committee and formally adopted. The action today will stand unless it is reconsidered, which can be done only by a two-thirds vote.

"The committee tomorrow will return to the discussion of the revision of the confession. We shall go back to review the action taken tentatively on Thursday, when it was agreed to revise chapters III and X of the confession by a declaratory statement."

CHAPTER XVI.—Continued.

The doctor entered, looking very serious, but his brow cleared at the sight of Elsie.

"Upon my word," he said, approaching the bed, "you are the miracle of our species."

"I am so well," replied Elsie, "that Brenda is thinking of deserting me."

Kendall had been holding Elsie's hand. He dropped it and slowly straightened his tall figure till he stood erect. The dead white mice seemed to be dancing before his eyes.

"You can't mean it," he said, and his face was bluish gray as he thought of the certain inference that Elmdorf would draw from Brenda's departure at this time. "Brenda"—he began, "I truly beg your pardon."

"That is my name," she said, "and I shall always answer when you speak it."

"I thank you from my heart," said she. "And—Brenda, you mustn't go—not now. I can't explain. I was taken unaware and may have said too much already. Upon my soul, I don't know what I have said. But don't leave us now."

In his excitement his voice broke in a queer little sob.

"I had no idea," said Brenda, "that my presence was so important."

"I can't think of anything earthly

"I have your promise," said he, that is more important than your presence here," he said, with such impressive earnestness as would have carried conviction to any woman's heart. "This must seem strange to you, this sudden outburst, but I am nervous, overstrained. You must pardon me. I

Itching Scalp.

Scald Head and the Most Violent Forms of Eczema and Salt Rheum Promptly and Thoroughly Cured by Dr. Chase's Ointment.

Among small children, scald head and similar itching skin diseases are most prevalent, and the worst feature is that these ailments, which are apparently trivial at first, almost invariably develop into chronic eczema & neglected.

There is but one treatment that physicians are unanimous in recommending for scald heads and eczema, and that is Dr. Chase's Ointment, the great antiseptic healer. It promptly stops the distressing itching which accompanies these diseases and positively produces a thorough and complete cure.

Scores and thousands of men and women stand ready to vouch for the merits of Dr. Chase's Ointment. It has brought about some of the most marvelous cures ever recorded. In justice to yourself and family, you cannot do without it in your home.

Mr. J. H. Grant, 716 Joseph Campan avenue, Detroit, Mich., writes:

"For three years I have been troubled by an intense itching on my body. So terrible was it at times that I could get no rest night or day. I tried all kinds of ointments and blood purifiers, but could get no relief. Mr. H. A. Nicolai of 379 Division street recommended Dr. Chase's Ointment. A few applications stopped the itching and I have felt nothing since."

Baby Eczema.

Mr. F. S. Rose of 133 Sixteenth street, Buffalo, N. Y., writes:

"Our baby boy suffered for some time with that wretched eczema, and we were unable to find anything to cure or even relieve his pain. A few applications of Dr. A. W. Chase's Ointment stopped the itching and healed the sores, and a bright, natural skin now takes their place."

Dr. Chase's Ointment does not cause pain when applied, but soothes the sore or inflamed surface. 50 cents at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

cannot tell you all I mean"—

"Go on," said Elsie. "Don't mind me."

And she put her fingers into her ears. Then for the first time Kendall comprehended the preposterous construction of which his words were susceptible. His face suddenly blazed with color.

"We—we really need you," he stammered, "both of us. Tell me that you will stay."

"I had no intention of going," said Brenda in a strange and stifled voice. "It was only Elsie's joke."

"Thank heaven!" exclaimed Kendall, and he took both of Brenda's hands. "I can't be sure of what you think I mean, but"—and he threw back his head with a fine, strong air—"whatever it is, I mean it from the bottom of my soul!"

He still held her hands, but not at all in the society fashion which Brenda had recently deprecated.

"I have your promise?" said he.

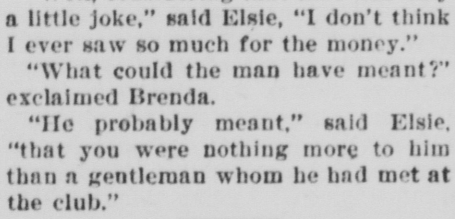

"I can't be sure of what you mean," she answered, smiling, "but whatever it is you have it!"

They looked straight into each other's eyes for a moment. Then they laughed together like happy children. Kendall's hands closed more tightly upon hers. He released them gently and inclined his head as he turned and left the room.

"Well, considering that that was only a little joke," said Elsie, "I don't think I ever saw so much for the money."

"What could the man have meant?" exclaimed Brenda.

"He probably meant," said Elsie, "that you were nothing more to him than a gentleman whom he had met at the club."

CHAPTER XVII. THE RUNAWAY.

BREND A sat down by the bed, and she looked very beautiful, a circumstance upon which Elsie did not fail to comment with great satisfaction.

"You will be very happy," she said. And then she heaved a little sigh, presumably for herself.

"My dear child," replied Brenda, "this is altogether too sudden and incomprehensible to suit a conventional person like myself. This weird flirtation of the madhouse which Dr. Kendall and I seem to have begun in a manner shamelessly public may be only the temporary aberration of our minds and have nothing to do with our hearts. I hope it will strike in; I do most devoutly. Then you and Clarence could arrange your agreeable romance without remorse."

"That is ended," said Elsie. "In fact, it never began. Brenda, you opened your heart to me; let me open mine to you. I want some one in the world, some one whom I care for, to know the whole truth."

"Are you sure you really wish to trust me with this confidence?" asked Brenda earnestly. "You do not really know me. Your mother may soon be with you."

"I would never tell my mother," said Elsie sadly. "She has had trouble enough. As for trusting you, knowing you—why, it seems to me that we have been here together since the dawn of recorded history and you were my friend the first minute. I'm afraid you may not care to be after you have heard the story, but I don't want to hold you by false pretenses. So hear me, Brenda."

"It will not excite you? It will not make you ill again?"

"It would excite and worry me if I should stop now after I have made up my mind," said Elsie. "Listen. You shall know everything but a name. I can't tell you that."

Brenda was silent. She was saying to herself: "I am afraid. My heart is trembling for this girl."

"It doesn't matter where, it doesn't matter where," continued Elsie, "but when and where fate pleased I met a man who took a great liking to me. I know little now, and I knew far less then, though it wasn't so long ago. He was an educated man, and I was not an educated girl, but I wished that I was. We met in a merry party, and I expected him to talk frivolity. He didn't. His conversation was very improving. Oh, he took a deep interest in my mind."

ROCK IN HIS STOMACH

Wonderful Cure of Dyspepsia—A Much Talked-of Case.

Borders on Miraculous—Blood Wine Succeeds after Physicians said: "No Hope."

Mr. Edgar H. Warren of Waterville, Me., is a much talked-of man, because he has been cured of what he terms "Rock in the Stomach." His case, which has caused much widespread interest, has been the topic of discussion at nearly all of the recent medical gatherings, here and abroad. His experience almost rivals the wonderful surgical operation of a year ago, when in Sweden a man's stomach was completely removed, and he entirely recovered. These things merely go to show what can be done with the digestive organs when the proper means is available. Mr. Warr has this

to say: "I called it 'Rock in the Stomach' because I felt all the time as if there was a rock lodged in my stomach, about the size of an egg. It was so apparent that no one could make me believe different. People have stones in bladder, and gravel,—why couldn't I have a rock in the stomach? Well, I felt it for about a year. It was particularly prominent after meals, and gave me excruciating pain. Nothing would relieve it. Nothing would remove it. It became a constant burden, and so prominent that I could almost feel it with my hand. I also suffered as a result in many other ways. I would taste my food for hours after eating, and the gases and juices from the stomach were very nauseating. My appetite fell off until I ate very, very little. My weight ran down until I was about like a skeleton, and I thought my end was not far distant. Physicians one after the other treated me, and after making no headway, would remark that there was 'no hope.' I began to despair when 'Blood Wine' was recommended to me. I thought, of course, that if a regular physician couldn't help me that nothing else would. 'Try it,' said one of my friends. 'It will not cost you much, and if it doesn't cure you it surely won't hurt you.' This seemed plausible, so I went and got a bottle and took it, and it helped me. I got another; it worked like the first. The third, fourth, and fifth followed, and I continued to improve. I have just finished the sixth, and my last, for I am now thoroughly cured. My rock has disappeared, also the pain, nausea, gas, and other symptoms. My regular weight has returned, and I have no further complaints. I am going to do all I can for 'Blood Wine,' in return for what it did for me, and I have no hesitancy in saying that it is undoubtedly the best medicine for all forms of indigestion, stomach and bowel trouble, and constipation, ever sold or prescribed."

This is just one of many who speak highly of this great medicine. Blood Wine contains no wine or opiates, but ingredients that bring about almost instantaneous action. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug-stores.

CHAPTER XVI.—Continued.

The doctor entered, looking very serious, but his brow cleared at the sight of Elsie.

"Upon my word," he said, approaching the bed, "you are the miracle of our species."

"I am so well?" replied Elsie, "that Brenda is thinking of deserting me."

Kendall had been holding Elsie's hand. He dropped it and slowly straightened his tall figure till he stood erect. The dead white mice seemed to be dancing before his eyes.

"You can't mean it," he said, and his face was bluish gray as he thought of the certain inference that Elmendorf would draw from Brenda's departure at this time. "Brenda"—he began, "I truly beg your pardon!"

"That is my name," she said, "and I shall always answer when you speak it."

"I thank you from my heart," said he. "And—Brenda, you mustn't go now. I can't explain. I was taken unaware and may have said too much already. Upon my soul, I don't know what I have said. But don't leave us now!"

In his excitement his voice broke in a queer little sob.

"I had no idea," said Brenda, "that my presence was so important."

"I can't think of anything earthly

cannot tell you all I mean!"—"Go on," said Elsie. "Don't mind me."

And she put her fingers into her ears. Then for the first time Kendall comprehended the preposterous construction of which his words were susceptible. His face suddenly blazed with color.

"We—we really need you," he stammered, "both of us. Tell me that you will stay."

"I had no intention of going," said Brenda in a strange and stifled voice.

"It was only Elsie's joke."

"Thank heaven!" exclaimed Kendall, and he took both of Brenda's hands. "I can't be sure of what you think I mean, but"—and he threw back his head with a fine, strong air—"whatever it is, I mean it from the bottom of my soul!"

He still held her hands, but not at all in the society fashion which Brenda had recently deprecated.

"I have your promise?" said he.

"I can't be sure of what you mean," she answered, smiling, "but whatever it is you have it!"

They looked straight into each other's eyes for a moment. Then they laughed together like happy children. Kendall's hands closed more tightly upon hers. He released them gently and inclined his head as he turned and left the room.

"Well, considering that that was only a little joke," said Elsie, "I don't think I ever saw so much for the money."

"What could the man have meant?" exclaimed Brenda.

"He probably meant," said Elsie, "that you were nothing more to him than a gentleman whom he had met at the club."

CHAPTER XVII.—THE RUNAWAY.

BREND A sat down by the bed, and she looked very beautiful, a circumstance upon which Elsie did not fail to comment with great satisfaction.

"You will be very happy," she said. And then she heaved a little sigh, presumably for herself.

"My dear child," replied Brenda, "this is altogether too sudden and incomprehensible to suit a conventional person like myself. This weird flirtation of the madhouse which Dr. Kendall and I seem to have begun in a manner shamelessly public may be only the temporary aberration of our minds and have nothing to do with our hearts. I hope it will strike in; I do most devoutly. Then you and Clarence could arrange your agreeable romance without remorse!"

"That is ended," said Elsie. "In fact, it never began. Brenda, you opened your heart to me; let me open mine to you. I want some one in the world, some one whom I care for, to know the whole truth."

"Are you sure you really wish to trust me with this confidence?" asked Brenda earnestly. "You do not really know me. Your mother may soon be with you."

"I would never tell my mother," said Elsie sadly. "She has had trouble enough. As for trusting you, knowing you—why, it seems to me that we have been here together since the dawn of recorded history and you were my friend the first minute. I'm afraid you may not care to be after you have heard the story, but I don't want to hold you by false pretenses. So hear me, Brenda."

"It will not excite you? It will not make you ill again?"

"It would excite and worry me if I should stop now after I have made up my mind," said Elsie. "Listen. You shall know everything but a name. I can't tell you that."

Brenda was silent. She was saying to herself: "I am afraid. My heart is trembling for this girl."

"It doesn't matter where, it doesn't matter where," continued Elsie, "but when and where fate pleased I met a man who took a great liking to me. I know little now, and I knew far less then, though it wasn't so long ago. He was an educated man, and I was not an educated girl, but I wished that I was. We met in a merry party, and I expected him to talk frivolity. He didn't. His conversation was very improving. Oh, he took a deep interest in my mind."

ROCK IN HIS STOMACH

Wonderful Cure of Dyspepsia—A Much Talked-of Case.

Borders on Miraculous—Blood Wine Succeeds after Physicians said: "No Hope."

Mr. Edgar H. Warren of Waterville, Me., is a much talked-of man, because he has been cured of what he terms "Rock in the Stomach." His case, which has caused much widespread interest, has been the topic of discussion at nearly all of the recent medical gatherings, here and abroad. His experience almost rivals the wonderful surgical operation of a year ago, when in Sweden a man's stomach was completely removed, and he entirely recovered. These things merely go to show what can be done with the digestive organs when the proper means is available. Mr. Warr has this

E. H. WARREN.

to say: "I called it 'Rock in the Stomach' because I felt all the time as if there was a rock lodged in my stomach, about the size of an egg. It was so apparent that no one could make me believe different. People have stone in bladder, and gravel, — why couldn't I have a rock in the stomach? Well, I felt it for about a year. It was particularly prominent after meals, and gave me excruciating pain. Nothing would relieve it. Nothing would remove it. It became a constant burden, and so prominent that I could almost feel it with my hand. I also suffered as a result in many other ways. I would taste my food for hours after eating, and the gases and juices from the stomach were very nauseating. My appetite fell off until I ate very, very little. My weight ran down until I was about like a skeleton, and I thought my end was not far distant. Physicians one after the other treated me, and after making no headway, would remark that there was 'no hope.' I began to despair when 'Blood Wine' was recommended to me. I thought, of course, that if a regular physician couldn't help me that nothing else would. 'Try it,' said one of my friends. 'It will not cost you much, and if it doesn't cure you it surely won't hurt you.' This seemed plausible, so I went and got a bottle and took it, and it helped me. I got another, it worked like the first. The third, fourth, and fifth followed, and I continued to improve. I have just finished the sixth, and my last, for I am now thoroughly cured. My rock has disappeared, also the pain, nausea, gas, and other symptoms. My regular weight has returned, and I have no further complaints. I am going to do all I can for 'Blood Wine,' in return for what it did for me, and I have no hesitancy in saying that it is undoubtedly the best medicine for all forms of indigestion, stomach and bowel trouble, and constipation, ever sold or prescribed."

This is just one of many who speak highly of this great medicine. Blood Wine contains no wine or opiates, but ingredients that bring about almost instantaneous action. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug-stores.

TAPE WORMS

"A tape worm eighteen feet long at least came on the scene after my taking two CASCARETS. This I am sure has caused my bad health for the past three years. I am still taking Cascarets, the only cathartic worthy of notice by sensible people."

POOL ROOMS WERE HARD HIT.

Beaten Out of Over \$20,000 Through Wire Tapping.

Cincinnati, Feb. 8.—When the Covington and Newport pool rooms were hit Thursday evening for more than \$20,000 there were many surmises as to how it was done, but it was claimed yesterday that the wires were tapped at some point north of Dayton, O., as other pool rooms were hit south of here and none north of Dayton.

Most of the money from the pool rooms here was secured from visitors from Dayton, and it was won on Lady Kent in the last race at New Orleans. The pool room men claim that their report was delayed 15 minutes, whereby each of the four rooms were hit for more than \$4,000 on that race. The telegraph company and the pool room men have instituted an investigation, which they say will result in sensational developments soon.

Mr. Samuel Mayer, who is an employee of the McNicol pottery, whose place of residence is 183 Bank street, says: "My health was fairly good until my kidneys began to trouble me, causing my back to ache a good part of the time and to get sore and lame across the loins. The pain was often sharp and penetrating, especially when stooping or lifting, and I never got rid of the trouble until I procured Doan's Kidney Pills at the W. & W. pharmacy and tried them. POOL ROOMS WERE HARD HIT.

Beaten Out of Over \$20,000 Through Wire Tapping.

Cincinnati, Feb. 8.—When the Covington and Newport pool rooms were hit Thursday evening for more than \$20,000 there were many surmises as to how it was done, but it was claimed yesterday that the wires were tapped at some point north of Dayton, O., as other pool rooms were hit south of here and none north of Dayton.

Most of the money from the pool rooms here was secured from visitors from Dayton, and it was won on Lady Kent in the last race at New Orleans. The pool room men claim that their report was delayed 15 minutes, whereby each of the four rooms were hit for more than \$4,000 on that race. The telegraph company and the pool room men have instituted an investigation, which, they say, will result in sensational developments soon.

A Careful Perusal Will Prove Its Value to Every East Liverpool Reader.

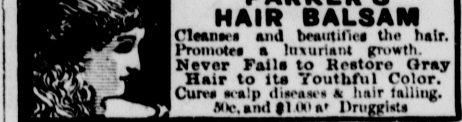

The average man is a doubter, and there is little wonder that this is so. Misrepresentations make people skeptical. Now-a-days the public ask for better evidence than the testimony of strangers. Hear proof that should convince every East Liverpool reader.

Mr. Samuel Mayer, who is an employee of the McNicol pottery, whose place of residence is 183 Bank street, says: "My health was fairly good until my kidneys began to trouble me, causing my back to ache a good part of the time and to get sore and lame across the loins. The pain was often sharp and penetrating, especially when stooping or lifting, and I never got rid of the trouble until I procured Doan's Kidney Pills at the W. & W. pharmacy and tried them. When I had taken one box the soreness and pains in the back and other symptoms of kidney distress passed away."

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

A Daughter Born—A daughter has been born to Mr. and Mrs. Clyde Blazier, of Sixth street.

Bought a Lot—C. H. Blazier yesterday purchased a lot in the River-view addition for \$500.

His Chances Slight—James Grim's condition is not improved and his chances for recovery are very slight.

C. C. Social—The Girls' Friendly society will give a "C. C." social and supper at St. Stephen's church parish building Monday evening.

Now Out of Danger—The condition of Mrs. J. W. Davis, who has been dangerously ill the past few days at the home of Mrs. L. W. Satow, of Wellsville, is somewhat improved.

Slowly Improving—Barney Vale, who was badly hurt about the head by the overturning of a sled Thursday night, is considerably better. It is thought he will soon be able to get out.

No Meeting Held—There was to have been a meeting of the water works trustees last evening, but owing to the absence from the city of H. A. Keffer, it was postponed until next week. Clerk Gipner this morning said that work on the new reservoir would probably not be resumed until April.

Rehabites' Meeting—At its last meeting, Liberty tent, O. O. of R., transacted business of great importance. Several new names were added to the funeral benefit fund; there were two applications received and two initiated. It was decided to hold a valentine social and dance Thursday evening, February 13.

Run Over by a Sled—A young boy named Enlow was pushed off a bob

sled on Sixth street yesterday afternoon by a companion. The rear runners passed over the boy's legs and bruised the flesh, but no bones were broken. He was unable to walk for a time, and it was thought he was seriously hurt until a physician made an examination, who found the injuries trivial.

Spent a Pleasant Evening—About a dozen friends of Miss Fannie Roe called upon her at her home on Third street last night. Among the number were the club composed of five boys from the sophomore class of the high school. The club sang a number of very pleasing selections. Light refreshments were served. Games of various kinds were indulged in and a pleasant time was had by all present.

Addressed By the Rector—The special preparatory services for Lent at St. Stephen's church, held last night, were largely attended. Rector Weary's talk was mostly to the new members, urging them to be regular in their attendance upon all duties which fall to the lot of a Christian. He dwelt upon the necessity of the holy communion, said that people were fast growing to neglect that service and giving preference to services instituted by man. This, he maintained, was one of the causes of the secularization of the Lord's day.

WE WANT YOU FOR A CUSTOMER.
It is our prices, our methods of dealing and having just what you want, "not what we want you to take" that makes and holds customers for us.

WE WILL HAVE POSITIVELY THE BEST IN THE MARKET FOR SATURDAY.

TRY US—If you don't get the best at the price many others sell the cheapest at, don't deal with us. All we ask is to show you goods and quote you prices.

Hart, superintendent of the Ceramic City Mining and Milling company, left yesterday for Ouray, Col., where he will begin the work of opening the mines on claims recently acquired by his company. M. E. Miskall & Co. have sold sufficient stock to warrant the company beginning operations and the work will be rushed as rapidly as possible. The officers of the new company are very much encouraged by a letter received by one of the directors from James T. Pierson, a well known mining expert of Ouray. The letter reads as follows:

Ouray, Col., January 29, 1902.

Dear Sir—Your letter of the 23d just received. In answer I will state that I am the discoverer of the Stenographer and Cabinet Meeker mining claims, but lost my interest in both through no fault of my own. The men who own them are not my best friends, nevertheless I will do them the justice of stating what I fully believe to be true. I regard the Stenographer and Cabinet Maker as the best prospects in the state, and if they were in Cripple Creek would generally bond for several hundred thousand dollars each. While I owned them we had Prof. English examine them, and in his report he said that \$25,000 spent on each of them would make them worth a half million each. His reports go in any country in mining circles. The richest yield I ever saw came out of these claims, running many thousands of ounces. I cannot imagine who is trying to interest capital; perhaps some one who is seeking a bond and lease on the Stenographer. I regret that I have lost my interest. I have said what I fully believe to be true.

I am, yours truly,

JAS. T. PIERSON.

A FINE ATTENDANCE

And Much Interest Shown in the First M. E. Church Revival Services.

There was a splendid attendance at the special meeting at the M. E. church last night. Dr. Crawford gave a short talk upon "The Peril of Neglecting the Great Salvation," and urged his hearers to avoid it.

Mrs. R. W. Hanes and Mrs. C. L. Phillips sang a duet which was very effective. There were two conversions and five persons arose for prayers. By reason of the great interest manifested, there will be a meeting tonight as usual. It is likely that the services will continue throughout next week.

19TH YEAR. NO. 33

EAST LIVERPOOL, O., SATURDAY, FEBRUARY 8, 1902.

TWO CENTS.

TURBULENT SESSION HELD BY THE OLD LIBRARY BOARD

President Insisted That the Organization Had Ceased to Exist.

THE MEMBERS DISAGREED

And a Lively Discussion Arose Over a Bill of \$400 For Books Bought.

AUTHORITY OF COMMITTEE

To Make the Purchase Was Disputed, But a Motion to Pay the Bill Carried And the Board Adjourned Since Librarian's Salary Raised.

The old public library board consumed one hour and thirty minutes last night in one of the warmest and most stormy sessions ever held in the rooms.

The ball was started when the old association began to assemble. President Weisend insisted that the old board was dead—that it ceased to exist at the last meeting, held several weeks ago. However, the members took their places and the session began.

A bill from the book committee, asking the board to pay for the last consignment of books received by the committee, was presented. The bill amounted to in the neighborhood of \$400, and included \$3.30 for telephone tolls. A motion was made to pay the bill, but President Weisend refused to entertain the motion. An appeal was taken, and the question was put by the vice president. The discussion that followed was interesting, and some very pointed remarks were made. Mr. Weisend stated that the book committee, which consisted of Prof. R. E. Rayman, Harry Peach and P. J. McKeone, had no authority to place an order for books without consulting the wishes of the board, and that he was of the opinion the book committee had made the purchase for no other reason than the fact that they had been determined to deplete the treasury before they left.

Miss McLane, the librarian, also had a few remarks upon the alleged high-handed manner in which the committee had acted. She said it had been customary to consult the librarian in the purchase of supplies of this character, and that she had been absolutely ignored. This latter remark seemed to amuse Mr. Peach, who laughed, causing the librarian to exclaim in a loud tone that she had been insulted by Mr. Peach on many occasions, in his store and at the library. The chairman cautioned Miss McLane to be calm, whereupon she asserted that she was calm. A. H. Clark made remarks favoring the motion, and it was finally passed.

After a few small matters had been disposed of the old board adjourned sine die.

The session of the newly elected board was a short one, and was taken up mainly in its organization.

The election of officers resulted as follows: President, J. J. Weisend; vice president, D. B. Flowers; secretary, A. V. Gilbert; treasurer, LeRoy Orr.

P. J. McKeone, a member of the old organization, who had been re-elected, tendered his resignation at the meeting of the new board, and it was promptly accepted.

Miss McLane was retained as librarian and will receive an increase in salary of \$10 per month. The position formerly paid \$25. She will now receive \$35 for her services.

LEFT HER HUSBAND

A St. Clairsville Woman Eloped With a Young Man, Taking Her Child Along.

St. Clairsville, February 8.—A sensational elopement that filled the minds of the good people of this town with amazement took place Thursday when Thomas Naylor, a 20-year-old young man, and Mrs. William Harris, aged 25, ran away, taking with them the 7-year-old son of the woman and \$50 of her husband's hard-earned cash. The husband was not long in learning her perfidy and securing a rig, chased the twain to Bellaire. Taylor was arrested and placed in jail, but Harris prevailed on his errand

ing wife to accompany him home. Mrs. Harris showed her infatuation for Naylor when she refused to accompany her husband until he made a promise not to prosecute her paramour. This the husband readily assented to, and with his wife and child returned to their peaceful domicile.

CHARGE OF LARCENY

PREFERRED AGAINST SALESMAN BY FORMER EMPLOYER.

Fred Linder, Arrested in Wellsville, Accused of Stealing From J. W. Cox, of Kensington.

Fred Linder, a salesman for a Kensington commission firm, was arrested in Wellsville a few days ago on a charge of larceny preferred by J. W. Cox, his former employer.

Linder had been in the employ of Mr. Cox for several months, but some time during the month of August last, he was discharged. It seems he was sufficiently well acquainted with the arrangement of the Cox establishment to be able to enter and depart at will. Mr. Cox now believes he has been relieved of various articles in the commission line from time to time ever since Linder's dismissal. The articles were missed, but as their value was comparatively small no attempt was made to apprehend the thief. The last haul, and the one that caused the man's downfall, was made last week. Three large cans of lard were missed and an investigation was at once made.

While acting as salesman and collector Linder had a number of customers in this city, among whom was Mrs. Huffman, of the Washington House. Not being aware that he had severed his connection with the Cox establishment, the lady purchased the lard. In a few days Wellsville officers called at the hotel and after examining the lard, pronounced it the property of Cox. Mrs. Huffman was ordered to discontinue the use of the stuff pending the outcome.

When Linder was arrested he denied all knowledge of the affair, but with the evidence the landlady was able to supply there can be no doubt a conviction will be secured.

STRUCK BY ELEVATOR

Bert Sayers, a Boy, Narrowly Escaped Death at the Laughlin Pottery.

A serious accident occurred at the Laughlin pottery No. 1 yesterday afternoon. Bert Sayers, employed in the warehouse, was almost killed by being struck by an elevator during its descent. Sayers was working on the second floor and the elevator had just passed up to the third floor.

The boy went to the shaft to speak to some workmen on the first floor and as he was leaning over the elevator gate the elevator was lowered, striking him on the back of the head, tearing the scalp from ear to ear. He was removed to his home in the West End, where his injuries were dressed by Dr. Bailey.

The President's Son Evidently in No Danger—Father's Southern Trip Postponed.

Washington, February 8.—(Special)—A bulletin just issued at the White House states that the condition of the president's son is much improved.

The president, however, has cancelled his proposed trip to the Charleston exposition.

SUIT FOR \$1,200

And Foreclosure of Mortgage on East Liverpool Property Is Sought.

Lisbon, February 8.—(Special)—Emma J. Neesly has filed suit against James S. Abbott and Lydia A. Abbott and asks the foreclosure of a mortgage held by her on property owned by them in East Liverpool.

The Abbotts owe the plaintiff \$1,200 on a promissory note.

Black But Not Brown.

A colored man whose home is said to be in Wheeling, came to town yesterday, and so closely did he resemble Dave Brown, who was sent to the penitentiary a few months ago, that the report went the rounds that Brown had escaped. The stranger was dark in color, but not Brown.

DIPPERS' LOCAL HELD FINE SOCIAL

Many Hundred Persons Were Present and Had an Enjoyable Time.

NEW POTTERY IS POSSIBLE

Prospects Good for the Completion of a Six-Kiln Plant Before Next Summer—News of Interest in Local Pottery Circles.

Dippers' local No. 18, after its business meeting last evening, held a social and entertainment which was considered the best ever given by that organization. Several hundred persons were present, including members of the local and their lady friends. One new member, Harry Herbert, was obligated last evening, making the total membership 62. During the evening music was furnished by Haines' band and Ormes' orchestra, and after 12 o'clock dancing was indulged in. The social session was opened by an address by President William Adams, of No. 18, who told of the advances made by the local since it was organized. This was followed by addresses by Wm. E. Adams, Miss Mountford, Miss Flossie McElhavy and George Ormes. During the evening luncheon was served.

Warehousewomen's local No. 7606 at a meeting held Thursday evening received 31 new members into the organization. The meeting was held in the Citizens' National bank building on Washington street. The new members were obligated by the president, Mrs. J. E. Jenkins. The attendance was so large that additional chairs had to be provided for the new members. Officers elected at the meeting two weeks ago were installed. The charter of the local was not closed Thursday evening as was expected. Instead it will remain open two weeks longer, after which the application for membership must be accompanied by \$1.50. The present initiation fee is but 50 cents. The local is in an excellent condition financially, and recently a piano was purchased.

There is every reason to believe that within the next three months a new pottery of possibly six kilns will be built in this city. During the past few weeks negotiations have been advanced in a quiet way with this end in view, and the efforts of the parties at the head of the movement are meeting with good success. The new concern will be a stock company, and it will be capitalized at something like \$100,000. The location of the new factory has not been decided upon, but this matter will likely be determined upon within a short time.

W. E. Wells, secretary of the Laughlin, when asked this morning if that company would build another pottery in the East End during the coming summer, said: "I assure you the company has no plans in view toward the erection of another plant. We have enough work on hand at present, and after we have this factory in full operation our attention may be directed to other things. At present we have no notion of either erecting another pottery or adding to our present capacity."

The Niles settlement is still hanging fire. The point in dispute is the settlement of the two and one-quarter days extra for placing small ware in the bisque kilns. The manufacturers refuse to act in the matter, as the owners, the Bradshaw brothers, are not members of the Manufacturing Potters' association. So now the matter is up to the Bradshaw brothers and the Brotherhood officials to settle. It is expected a settlement will be reached in a few days.

Kilnmen's local No. 9 met in Brotherhood hall last evening. Aside from the regular business many important questions were considered, which will be presented to the public very soon. Five proposition for membership were received and one candidate was obligated.

The marriage of Miss Jennie Hughes and Harry Butler has just been made public, although they were married early in December. Miss Hughes has been working at the Harker pottery as a transferer, while Mr. Butler has had charge of the decorating kilns of the same plant for

HARD SLEDDING FOR CERTAIN BILLS

Those Not Approved By the Legislative Steering Committee Stand Small Show.

MR. BUELL IS A MEMBER

Of This Important Body—Proposed Act to Wipe Out State Debt. Scheme to Have Physical Culture Teachers in All Cities of 10,000.

From a Staff Correspondent.

Columbus, February 8.—Representative Buell has been appointed a member of the steering committee. This committee will submit to a close scrutiny all measures affecting important interests and those not receiving the approval of this select body will have rough sledding. This committee proposes to keep under the close surveillance bills which have as their object the redistricting of the state. The committee is largely made up of Foraker, Daugherty and Hanna men, with the two former forces predominating.

This committee is composed of members who have a warm spot for Columbiana county and its men of affairs, and there is considerable assurance that the interests of the county will not be neglected if the potency of this body counts for anything. The appointment of Mr. Buell on this committee was agreed upon in recognition of the services performed by Columbiana county along political lines.

If the bill by Mr. Crafts, of Portage becomes a law all the state debt, save that which is irreducible, will be liquidated. The measure carries with it an appropriation of \$715,720, which is sufficient to wipe out all the state's indebtedness aside from the excepted obligations and will leave nothing but a clean balance sheet. This bill has been approved by the finance committee, of which Mr. Crafts is the chairman. It is the general appropriation and provides for \$67,000 less than that of two years ago.

A physical culture bill was introduced in the senate Friday morning requiring the employment of supervisors of physical culture in schools in all cities of a population of 10,000 or more. In cities where the population is less than 10,000 teachers will be required to instruct their pupils in physical culture and they themselves must take at least 10 lessons each year from a competent instructor. Each county must provide a fund of \$100 per annum to pay for this instruction.

The senate passed a house bill providing for the creation of a new board of control for the Ohio experiment station at Wooster. Governor Nash recommended the passage of the measure. The members of the old board have never been able to agree.

MISSING THREE MONTHS

Was the East Palestine Man Who Is Reported Arrested in Canada.

C. N. Stout, of East Palestine, whose arrest at Hamilton, Ont., was reported yesterday, left East Palestine about three months ago. He had charge of the municipal electric light plant at East Palestine, and he was found to be short about \$600 in his accounts. He left his family behind, and his wife went to her parents at Greenford soon after he left. Since then nothing has been heard from him, as far as could be learned.

W. W. Welker has been appointed administrator of the estate of Peter Welker, late of Perry township. Bond \$6,000. The appraisers are M. L. Young, James Brown and S. D. Deany.

STOLE A BIBLE

UNKNOWN THIEF BROKE INTO A CALCUTTA CHURCH.

Book Was an Old One And Highly Prized—Reward Offered for Its Return.

A thief entered the U. P. church at Calcutta Thursday night and stole the pulpit bible and psalter. The bible was old and highly valued.

The fellow who committed the theft broke into the front door. He went to the church in a sleigh, tying his horse to the fence while he ransacked the building. His rig was seen by several persons, but the nature of his mission was not then suspected. The man when leaving with his plunder started toward East Liverpool.

Every effort is being made to learn the thief's identity and a liberal reward is offered for the return of the missing bible.

CAUCUSES TONIGHT

Republicans Will Select Candidates for Committeemen From Nine Precincts.

Arrangements have been completed for the caucus meetings of the Republicans from the nine precincts tonight. The purpose of the meetings is for the selection of three names in each locality to go on the ticket at the county primary for the position of central committee.

Notices calling the caucus meetings have been posted for the past week and there promises to be a good attendance at each. Six of the nine precincts will caucus at city hall, the Republicans of the Fifth ward having arranged to assemble at fire station No. 2. Both precincts of the First ward will meet at Turner hall.

The plan is an experiment put in effect by the county committee not long ago, and it is thought the results will be most gratifying.

Homer D. Myler Seizes Property, Which He Says Belongs to Him, From a Coal Dealer.

Homer D. Myler has begun an action in Justice McLane's court against Marcus F. Davis, a local coal dealer, to recover three horses, harness, a coal wagon, stove and numerous other articles which Davis is using in his business and which Myler claims belong to him. Attachment papers were served and the outfit appraised at \$282.10 by Mack Anderson and A. W. King. The suit is the outgrowth of a dispute which came up at the time the Myler Brothers conducted the business now controlled by Davis. It is set for hearing on next Wednesday.

ROUSING MEETING

Held By the Grand Army Post And New Members Added to the Lodge.

The Gen. Lyon post, G. A. R., held a rousing meeting last evening. After the regular business was completed, two new candidates were mustered in and three others re-instated.

Speech making was next indulged in, several of the dissertations being gilded in eloquence. As a fitting finish an old-time "walk around" was tripped off by the old veterans to the tune of "John Brown's Body." Everybody present had a good time.

THE REFERENDUM CLAUSE

Provides For a Vote On Accepting It to Be Taken at April Election.

ITS INTRODUCTION DEFERRED

Representative Crist Desiring to Hear Further From the Citizens Before Laying the Measure Before the Legislature—Wants to Be Certain.

Secretary Joseph Betz, of the Republican central committee, has just completed the alterations to the proposed registration bill, in accordance with the action of that body at its recent meeting.

The figures have been supplied, specifying what population a city must have to get in under the provisions of the act. It is thought East Liverpool will be the only city in Ohio to which the law can be made applicable; as, so far as can be learned, there is not another town in the state having a present population within the range of the law. The bill for cities provides registration for cities "having a population at the last federal census of not less than 16,100, nor more than 17,000."

The referendum clause reads: Section 2.—That this act shall be in force on and after the 1st day of May, 1902; provided, further, that at the election to be held on the first Monday in April, 1902, the question shall be submitted to the electors of all cities to which this act applies, and if a majority of the electors vote "Registration—Yes," then this act shall be in force, but if a majority of the electors vote "Registration—No," this act shall be null and void.

Secretary Betz is in receipt of a letter from Representative D. W. Crist, in which he says he would prefer presenting the bill without the referendum clause, but if it was the wish of those having the matter in hand, he would acquiesce.

Mr. Betz informed Mr. Crist today that the committee deemed it necessary, since there appears to be opposition to the proposition, to proceed in the manner outlined. If the people are given an opportunity of voting upon registration, the question will be decided by the majority, and the responsibility will rest with them.

A special from Columbus says: Representative Crist had intended to introduce the East Liverpool registration bill this week, but at the last moment he changed his mind and concluded to defer doing so until next week, in order to hear further expression of the views of the citizens of the pottery city on the merits of the measure. The bill was ready to be offered Thursday afternoon, but Mr. Crist desires to be certain that its provisions will be acceptable to the great majority of the city of East Liverpool before he lets go of it. In accordance with the suggestion of those who are urging the passage of the measure, the referendum clause has been incorporated in it.

WHISTLE HASN'T TOOTED

Martin's Ferry People Victimized By the Fellow Who Sold Weather Signals Here.

The fellow who came to East Liverpool several weeks ago and buncoed a number of business men from whom he collected money for cards on which were printed a weather signal code, promising to arrange to have the whistle on the R. Thomas & Sons' pottery blown each day, is evidently finding other victims. A Martin's Ferry paper contains the following:

"The merchants who spent their good money for the weather signal code to be distributed among their patrons, would like to hear the toot of the whistle at the furnace. The furnace people hardly may be expected to give the signal when they have no code."

Republican Caucus in Center. Lisbon, February 8.—(Special)—A caucus of the Republican voters of Center township will be held at the auditor's office this evening for the election of central committeemen.

EAST END

THEY WERE ENGAGED

MISS LEMMON AND BETZ WERE TO HAVE MARRIED IN JUNE.

The Already Married Groom Even Suggested the Kind of Dress for the Bride to Wear.

The publication in this paper last evening of the proposed elopement of Wm. U. Betz and Miss Daisy Lemmon, of the East End, caused no end of talk in that part of the city last evening.

Since the story became known additional matter has been brought to light which proves beyond doubt that Betz intended to marry Miss Lemmon. Last evening a reporter called at the home of Mrs. Lemmon, when Miss Lemmon said: "Arrangements had been practically completed for our marriage, which was to occur next June. Betz went so far as to suggest what kind of a dress I was to wear, but I cannot say that he ever asked to marry me. I have been working at Sebring for some time, and during the past few weeks I have received a number of letters from him. In one of these he said he had made arrangements to go to Sebring Sunday, February 9, to visit me."

When asked if a report was true, that a marriage had already taken place, Miss Lemmon, in the presence of her parents, denied the fact and said that one could hear all sorts of stories which were not true.

It was learned this morning that Betz posed as an architect and that he had drawn plans for a number of houses to be built in the East End, but that no contractor would bid on his work. In one set of plans he drew he had seven steps on one side of a landing, while on the other side but six steps were shown.

Betz came to the East End last May and during the summer worked for Alex Chafin. Whether the man is now at Zanesville visiting his family is not known here.

Power House Improvement.

Work has been resumed by the United Power company at the power house to install the new boiler recently received. A gang of laborers are excavating east of the boiler room, and it is thought the boiler will be in position within 10 days. Work has been progressing in the engine room for several days connecting the new engine received several months ago. As soon as the new boiler is installed the new engine will be connected and started.

Conference on Street Railway.

John B. Hoefgen, of New York, was expected in this city last Thursday, but the gentleman failed to arrive. Word had been received by L. W. Healy, of the street railway company, that Mr. Hoefgen would be here to confer with matters concerning the road, but as his visit was deferred he is expected here next week. Mr. Hoefgen was formerly general manager of this road before this position was given to Mr. Healy.

FAMINE IN PIG IRON.

Doubtful Whether Ever So Scarce—Evidence of Great Consumption.

RAILWAY EARNINGS INCREASE.

Interruption to Railway Traffic and Outdoor Work by Severe Storms Only Unfavorable Factor in Business Situation the Past Week.

New York, Feb. 8.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Interruption to railway traffic and outdoor work by severe storms was the only unfavorable factor in the business situation during the past week, while manufacturing activity increased, and distribution through retail channels was undiminished. Reports from the west are especially encouraging, but a few southern points are slow to exhibit improvement. Railway earnings continue their monotonous record of increase, for January gaining 7.2 per cent over last year and 24.2 per cent over 1900. The fourth week's earnings were somewhat reduced by bad weather.

Famine in Pig Iron.

Famine conditions exist in the market for pig iron. It is doubtful whether there was ever a time in the history of this nation when this metal was so scarce. Considering the fact that production during 1901 was far beyond all previous records, the present shortage gives indisputable evidence of the unprecedented rate at which the mills have been consuming. Controlling interests deprecate all tendencies to inflate prices, recognizing the fact that the continued heavy consumption is dependent upon quotations held at reasonable points. Nevertheless if deliveries are wanted before July 1 it is often necessary to pay a premium, and consumers have been compelled in some instances to place orders abroad. Efforts are being made to repurchase iron sent abroad last year, since that may evade the duty. German billets are still arriving, but the market abroad is advancing, which will tend to check the movement. Structural material supplies are utterly inadequate and the action of the Chicago council repealing the ordinance limiting the height of buildings has placed many new contracts on the market. Railways are so urgent for supplies that an order for rails may go abroad. In the light of these reports it is not surprising that exports of iron and steel fall off and foreign contracts receive scant attention.

Compared with the erratic course of the cereals during the preceding month or two, produce markets have been quiet this week. Dullness and lack of special influences were not productive of weakness, however, former quotations being stubbornly maintained. In the case of corn there are many expressions of faith in lower prices without aggressive speculation on the short side.

Commercial Failures During January.

Final returns of commercial failures during January exhibit an exceptionally large number of insolvencies and also an unusual amount of defaulted liabilities. In manufacturing lines there were 264 failures, involving \$6308,948, an increase of \$1,607,964 over the liabilities last year. Defaulting traders numbered 1,120, with liabilities of \$7,116,972, an increase of 172 in number and \$1,805,168 in amount. Miscellaneous failures were 50 in number and \$886,581 in liabilities, exceeding January, 1901, by 19 in number, but showing a decrease of \$321,442 in defaulted liabilities.

was healthier and the breadth and activity in the market were maintained at Thursday's level. The professional operators, who largely absorbed the market, operated with considerable confidence and did not hesitate to buy, and bid up stocks in new quarters at the same time they were taking profits on their recent purchases in others. Some of the closely held investment stocks, which have had sensational advances recently because there were no shares for sale even at much higher bids, relapsed violently Friday on attempts to take profits, illustrating the narrowness of the market for this class of stocks. Small offerings are as effective in forcing declines as are small purchases in causing advances, the insiders in these stocks being quite indifferent to their course in the speculative market.

The bond market was quite active, but irregular. Total sales, par value, \$3,280,000.

U. S. old 4s advanced 1/4 per cent on the last call.

CONTRACTS FOR ENGINES

For the Big New Car Plant at Vanport Given at Salem.

Salem, February 8.—The Buckeye Engine company has taken the contract to furnish four large engines for the Standard Steel Car company, which will build an immense plant on the Ohio river, between Vanport and Beaver, Pa.

The latter company lately purchased a site there from a Pittsburg party, and the contract for 1,000 dwellings to be erected thereon has let.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop formation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. Your only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. You can get Dr. G. G. Green's reliable remedies at Charles F. Craig's, Foutts Bldg., East Liverpool, O. Get Green's special almanac.

Travelers to California

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scenic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal George, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Lou's, Denver and San Francisco. Dining cars (service a la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hooper, G. P. & T. A., Denver, Col. 7-13-14

A WISCONSIN PIONEER

Recommends Pe-ru-na as Being Worth its Weight in Gold.

JOHN PAULIN SR.

Hon. John Paulin, Sr., a pioneer of Port Washington, Wis., is held in high esteem by the residents of that place. He is one of the oldest citizens. In a recent letter he says:

"I have used Peruna with good results for coughs and colds. It has also cured my catarrh which always became worse when affected with but a slight cold. I am recommending Peruna because it is worth its weight in gold."—JOHN PAULIN, SR.

Removal!

We will move our JEWELRY STORE..

To 111 Sixth street, in February, and cordially invite our customers, friends and the public to call on us in our new location. Thanking you for your liberal patronage, we respectfully ask a continuance of the same.

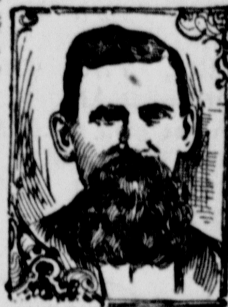

A. G. Hofman, Present location 205 Market St. Bell Phone 379-2.

Mr. A. Howell, Marietta, Ga., writes: "I have been troubled with catarrh in head, throat and stomach for several years, and from accounts that I have read in several newspapers of the good effects that many had received from Peruna, and whose veracity could not be doubted, caused me to give it a trial, and I bless the day that I did make a trial. It has made a new man of me."

"I was all my life up to about five years ago a very healthy man, and about that time I was troubled with catarrh. I tried a number of prescriptions from different doctors but none seemed to relieve me until I commenced the use of Peruna, and from its use I can truly say that I have been greatly benefited."

"I am now in my eighty-seventh year and can walk and get about as well as many much younger than myself and attribute it greatly to the use of Peruna. I keep some on hand all the time, and consider it the cheapest medicine in the world."—Mr. A. Howell.

J. R. Prince, East Leon, N. Y., writes: "Peruna has saved my life, and made a strong, healthy, jolly old man of me. Peruna is just what every family should not be without. I have taken very few cures since I have used Peruna, but when I do catch cold, Peruna is my medicine."

J. R. Prince.

"A minister came to me last summer and said that he had seen my testimonial in the paper, and began taking Peruna. He said that it straightened him right up—he was troubled with kidney trouble) and Peruna cured him. I cannot express my thanks for the benefit your medicine has been to me."—J. R. Prince.

Abraham Ziegler, Piedmont, Wayne County, Mo., writes:

"My wife who is now eighty-seven years old, suffered for about sixteen years from severe catarrh of the head, which affected her sight and hearing. I saw Pe-ru-na advertised in your almanac, and testimonials similar to her case attracted my attention. I got one bottle and it helped her so much that she is now using the second bottle and she thinks it is something wonderful. Her hearing and sight are both in part restored."—Abraham Ziegler.

In old age the mucous membranes become thickened and partly lose their function. This leads to partial loss of hearing, smell and taste, as well as digestive disturbances. Pe-ru-na corrects all this by its specific operation on all the mucous membranes of the body. One bottle will convince anyone. Once used and Pe-ru-na becomes a life-long stand-by with old and young.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

A navy department order has just
extended for another six months the
leave of absence of Commander Robert
E. Peary, the Arctic explorer. Mr.
Peary is a civil engineer in the navy
and his present leave of absence with
full pay dates from May, 1897. He has
been in the service 20 years, but in
all that time has been actually em-
ployed only nine years. Voluntarily
he has engaged in far more difficult
and dangerous work than any that
Uncle Sam requires of naval officers.

The nations of Europe which are
disputing as to which of them was
the greatest and best friends of the
United States during our dispute with
Spain need to be reminded that it
makes very little difference. Ameri-
ca lives for the future, not in the past.
What is interesting us most now is
present and coming international
amity. The opportunity for other gov-
ernments to show their friendship has
not passed; it always exists.

Andrew Carnegie, in a recent
speech, humorously suggested as his
own epitaph, "Here lies a man who
knew how to get around him a great
many men who were much cleverer
than he was himself." Herein is the
secret of many a man's success. Few
of the successful ones, however, so
frankly acknowledge it, but take all
the credit, when any is coming, and
let others bear the blame, when
blame is due.

The text of the treaty between Den-
mark and the United States, for the
purchase by this nation of the Dan-
ish West India islands, shows that the
inhabitants of the islands will have
no ground for complaint of the sort
of government to be given them. The
chances are all in favor of them find-
ing it the best they ever had.

New York proposes soon to have a
law that will prevent the shooting of
live pigeons for sport. The pigeon is
a harmless and pretty bird, and there
is no apparent reason, except natural
love of cruelty, why men should de-
sire to take its life to test their mark-
smanship. The less "sport" there is of
that nature the better for the world.

The Klondike press agents could
not have known of the approach of a
cold wave or they would have post-
poned for a time their regular an-
nouncement of new and rich gold dis-
coveries. It is not the right season
to attempt to induce any enthusiastic
rush of emigration toward the arctic
regions.

Though the pig iron output last
year eclipsed all records, that mate-
rial is now alarmingly scarce. This
condition of affairs shows, better than
anything else could, the healthy state
of the manufacturing and building
business, railroad improvement and
other lines of industrial enterprise.

Besides leading the world in the
production of the most useful metal,
iron, the United States in 1900 pro-
duced \$79,000,000 worth of gold, \$36-
000,000 worth of silver, \$98,000,000
worth of copper, \$23,000,000 worth of
lead and \$10,000,000 worth of zinc.

Youngstown is reported fearful lest

strongest arguments advanced by the

OBITUARY

Burke Watson.

Mr. and Mrs. James Larkins, of this
city, left for Wheeling yesterday af-
ternoon in response to a message re-
ceived announcing the sudden death
of Burke Watson, a brother of Mrs.
Larkins. Watson was a bricklayer
and held every important office in
the bricklayers' union. When Mrs.
Watson went to an adjoining room
to call him for dinner, she found him
sitting in a chair gasping for breath.
Death was due to heart failure. Mr.
Watson was held in high esteem by
his fellow workmen.

AT THE THEATER

The newspapers all over the country
have only words of praise for the
Schiller Stock company, including
Miss Ella Fontaineblum, which opens
a week's engagement at the Grand
opera house next Monday evening.
Plays to be presented: Monday, "The
City of New York;" Tuesday, "Monte
Cristo;" Wednesday, "Jesse James;"
Thursday, "Womans' Enemy;" Friday,
"Sapho;" Saturday matinee, "Uncle
Tom's Cabin;" Saturday night,
"Daughters of the Poor."

The King Dramatic company made
a great hit last night in its production
of "Blue Jeans." The opera house was
not more than half-filled, but the
play was of a nature worthy of a
crowded house. Each part in the cast
was cleverly carried out, and though
the play has been given here by high-
priced companies, the production as
put on last night was never exceeded
in excellence.

Hiram Rigby, late of the Keswick
China company, expects to have his
new pottery at New Brighton in oper-
ation early in March. It will start
with two kilns, making a general line
of ware. At the Cheswick Mr. Rigby
has been succeeded by Mr. Davis, for-
merly with the Mercer pottery, of
Trenton. He is a nephew of the
late Isaac Davis, who was a promi-
nent potter.

The Barberton Pottery company,
which has changed its plans to double
its capacity, since beginning to build
in Barberton, has its building ready
to roof. This company started to
build with an idea of beginning with
a capacity of seven kilns. Present
plans, however, are for 14 kilns when
ready for business.

A new boiler is being installed in
one of the engine rooms at the East
End sewerpipe works. The boiler was
ordered several weeks ago. It is be-
ing placed on the hill above the large
plant and will be used to pull the cars
from the cars from the clay mine. The
old boiler has been in use for several
years.

The foundation walls for the new
Elite pottery, being erected at Tren-
ton, are completed and further work
has ceased until the weather becomes
more open. The owners of the con-
cern are: Assemblyman George W.
Page, Fire Commissioner Louis Diehl,
John Brian and Samuel Bedson.

Although little is being said about
the matter, quite a number of persons
have been hired by the Barberton com-
pany to work at the plant after its
erection. The majority of these men
are said to be now employed in one of
the river potteries.

The joint arbitration board held a
meeting last night at the Potters'
club, and while a great many impor-
tant matters were taken up and dis-
cussed by the members, no disputes
were disposed of finally.

Though local union No. 32 has not
as yet increased the pay of the dele-

weeks place before the trade a num-

will be sure to meet with favor.

The packing department of Laugh-
lin No. 2 has been rushed during the
past few weeks. Eight packers are
now employed. An increased amount
of decorated ware is being sold.

An association football game will be
played this afternoon on the lot in the

HERBERT'S ORCHESTRA

Invited to East Liverpool, Likely to
Be Unable to
Come.

An effort was made this week by
local musicians to secure Victor Her-
bert's orchestra for a concert in this
city during the present season, but
from information received today it is
hardly probable the organization will
be able to visit East Liverpool.

It was the desire of the parties in-
terested to bring the full orchestra,
and the failure to secure it will not be
by reason of any lack of guarantee as
to money. It seems the season is
booked full, and unless something un-
looked for occurs to interfere with the
present bookings, the management
will be unable to furnish a date.

Following is a letter received today:
Pittsburg, Feb. 8, 1902.

"I thank you very much for your
letter of Jan. 31. The Pittsburg or-
chestra has no open time this season,
and we have already done too much
traveling. I wish very much we could
accommodate you, and I am very sorry
to tell you that the orchestra Mr. Her-
bert will take out for the spring tour
cannot meet your dates. I wish now
you could take up with me the matter
of a concert next year, when we are
enroute to Cleveland, because we shall
do very little traveling next season.

Guarding Against Smallpox.

A brilliant correspondent contrib-
utes the following to a Steubenville
paper: Two sleds, heaped high with
empty beer bottles, were brought here
and sold to Luke Walters this morn-
ing from Smithfield, the center of one
of the strongest prohibition townships
in the county. There were over 2,000
bottles in the sleds. Last week 1,640
empty beer bottles were brought from
the same town and sold here, making
nearly 4,000 in two weeks. Evidently
the residents of that prohibition town-
ship are using the amber fluid as a
disinfectant.

Columbus, Feb. 8.—A movement to

WELLSVILLE

POOR PLAYING

Characterized the Lisbon-Wellsville Bowling Match at the County Seat Last Night.

In the history of games has seldom been witnessed than those played on the Nicholls' alleys in Lisbon last evening. The contesting teams were the "Colts," of Lisbon, and the Invincibles, of Wellsville. The former team, although making a bad score, won the series without any perceptible effort. The games were started promptly at 8 o'clock and before 10 o'clock the visiting team left the alleys with bowed heads evidencing a humiliating defeat.

The total number of pins credited to each team was: Colts, 2,202; Invincibles, 1,994.

After the games a banquet was served the Wellsville team at the Hostetter house and the Lisbon bowlers are pronounced most hospitable. A contest was arranged to be played between the two teams on Campbell's alleys, Wellsville, next Saturday evening.

ROLLED DOWN THE HILL

Four Young Upset From a Sleigh on the Road to Lisbon.

Richard Harsha, Leonard Aughinbaugh, R. B. Campbell and a young man whose name could not be learned, had an exciting accident last evening while driving to Lisbon in a sleigh. They were driving along a hillside near Glasgow when the sleigh bumped against a log, which could not be seen owing to a deep covering of snow and overturned, precipitating the occupants to the base of the hill a distance of 20 feet.

Luckily the horse soon stopped and the men, although slightly discomfited, continued their journey without further accident.

TOO CLOSE TO THE FIRE

Little Girl Painfully Burned—Mother Injured in Effecting Rescue.

Mary, a little daughter of Mr. and Mrs. James Lindsay, of Commerce street, is suffering intensely from the effects of burns received while standing too close to an open grate fire, the flames bursting forth and igniting her clothing. Her mother was in an adjoining room and, hearing the screams of her daughter, hastened to her assistance and without much difficulty succeeded in extinguishing the flames.

Mrs. Lindsay, in the rescue, burned her hands quite painfully, but no serious results are anticipated.

EASY VICTORY

Y. M. C. A. BASKET BALL TEAM BEAT PITTSBURG.

The Visitors Were Not in the Game at Any Time—Score Was 58 to 6.

The Y. M. C. A. basket ball team won a great victory last evening by administering defeat to the Aloysius team, of Pittsburgh, by the score of 58 to 6. The game was exciting at times, but the home team had things so much their own way that the visitors looked like novices. The teams lined up as follows:

Aloysius—Center, Hager; forwards, Baldesberger and Snelsaur; guards, Geiger, Yellig and Bachner.

Y. M. C. A.—Center, Allison; forwards, Bloor and R. Rigby; guards, T. Watkins and Armour.

Hager, of the Aloysius team, made one field goal and four foul goals, thus scoring all the points credited to the visitors. Allison, of the home team, lead the score, making 12 field goals. Armour came next with seven field goals.

Ibeck was umpire and Stevenson referee.

FAREWELL SURPRISE

Given at the Home of Rev. J. G. Reinartz By Young People's Lutheran Society.

One of the most unique surprise parties which has been given in the city for some time, was that which occurred at the residence of Rev. J. G. Reinartz last night. The affair was given by the Young People's Lutheran Society, of St. John's Evangelical Church, in honor of Miss Ida Reichel, a niece of Rev. and Mrs. J. G. Reinartz. It was in the nature of a farewell to the society to one of its most popular members who is shortly to leave for her home at Plymouth, Wisconsin, after spending several months in this city.

Each guest received a souvenir of the occasion, upon which was printed the menu and farewell song. The former was especially fine, being written in Latin, French, German and English terms. The refreshments were very dainty. A program under the name of "toasted toast" had been prepared by the members and each person was to give a short talk upon the subject assigned.

Mr. Shrieber acted as toast-master and the toasts were as follows: "Absence makes the heart grow fonder," original poem on a sleighing party in which the young people figured; "The best of friends must part;" "Streichholz," (a match); Roasts: Dialogue, "The long and the short of it," by two members who answer that description. The program being concluded the society joined in the singing of an original song: "Good Bye, Ida, Dear," a parody on "Good Bye Dolly Gray," composed by the members. The song was of touching beauty.

So much originality and sentiment was revealed at this gathering that the pastor, upon the solicitation of the members to speak, took as his subject, "Latent Talents." Mr. Reinartz commented upon the talent here displayed and expressed a desire that it might be used in the cause of Christ and in the uplifting of His kingdom.

FEAST OF GOOD THINGS

For the Large Audiences Which Are Attending the First Presbyterian Church.

The large audiences which attended the services at the First Presbyterian church during the week have had a feast of good things. The soul-inspiring music, the messages from the servants of God, have been the means of leading many a Christian into a deeper and richer experience in spiritual things. Many have turned to "the way, the truth and the life."

Rev. Mr. Biederwolf's text last evening was Romans 6:23, "The wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord." He showed by the word of God the hopelessness of the soul which passes into eternity without having accepted the atonement for sin in Jesus Christ.

Prof. Maxwell sang with powerful impression a "Dream of the Judgment Day." Many accepted the invitation to become Christians.

Rev. Mr. Biederwolf and Prof. Maxwell will conduct four services in the Presbyterian church tomorrow. (1) Sunday school, 9:30; (2) regular 11 o'clock services; (3) 2:30 p. m., for men only. There will be a large male chorus. Prof. Maxwell will sing. Rev. Mr. Biederwolf's subject is "The Athletics of Life." He is a member of the Manhattan Athletic club, instructor in gymnastics, and for several years was on the foot ball field and track. Tickets will be required at the door, which can be had free. Rev. Mr. Biederwolf will preach especially to young people at 7:30 p. m.

REVISION OF CREED.

Presbyterian Committee Adopted One Article, Relating to Revelation.

SUBSTANCE REMAINS SAME.

Changes Made Consist Chiefly in the Manner of Expression—This Action Will Stand Unless Reconsidered. To Review Action of Thursday.

Philadelphia, Feb. 8.—The committee on creed revision of the Presbyterian church, which is now sitting in this city, devoted both sessions yesterday to the consideration of a brief statement of doctrine devoid of all technicalities for popular use. Earnest and exhaustive discussion was had over the points that should be included in the statement. At the conclusion of the afternoon session yesterday a member of the committee said:

"After a full and free discussion the committee has adopted one article which relates to revelation. We have agreed upon the form of the article. The substance remains the same. The changes made consist chiefly in the manner of expression. This is the first point that has been voted upon by the committee and formally adopted. The action today will stand unless it is reconsidered, which can be done only by a two-thirds vote.

"The committee tomorrow will return to the discussion of the revision of the confession. We shall go back to review the action taken tentatively on Thursday, when it was agreed to revise chapters III and X of the confession by a declaratory statement."

MRS. SOFFEL HAS IMPROVED.

She Will Be Kept in Butler For Two Weeks—Visited by Her Attorney.

Butler, Pa., Feb. 8.—The return of Mrs. Soffel, the runaway wife of Warden Peter K. Soffel, to Pittsburgh for a hearing on a charge of complicity in the escape of the Biddies is now indefinitely postponed. Her release of Thursday is the cause.

The hospital physicians who are attending her last night united in pronouncing her case much improved, with no signs of immediate collapse, mentally or physically, but they say it is impossible to set a date within the next 10 days when she may be removed.

She was visited by her attorney, Richard Scandrett, of Pittsburgh.

FOUR BURNED TO DEATH.

Cumberland, Md., Feb. 8.—The dwelling of William P. Robertson, a farmer, living on the Maryland side of the river, opposite Magnolia, W. Va., a station on the Baltimore and Ohio railroad, 30 miles east of here, was destroyed and four of the Robertson children were burned to death.

OPPOSES THE SCHLEY APPEAL.

Sampson's Attorneys Have Filed an Argument in His Behalf With the President.

Washington, Feb. 8.—E. S. Theall, representing Stayton and Campbell counsel for Rear Admiral Sampson, called at the White House and filed with the president a brief in the Schley case.

The document is short and devoted entirely to one subject, namely, a protest against the claim set up in Admiral Schley's appeal that he was in supreme command during the battle off Santiago. The paper will be considered by the president in connection with Admiral Schley's appeal and the navy department's comment.

MINERS ADOPTED THE SCALE.

Old Agreement of Previous Year Accepted, by Leaders' Advice.

Indianapolis, Feb. 8.—In a secret session, which was begun last evening and ended after midnight, the massed delegates of the United Mine Workers, acting finally upon the advice of each of the national officers, adopted the report of the joint scale committee made last night, which reaffirmed the scale of 1901, as a whole.

Schleys Given an Ovation.

Asheville, N. C., Feb. 8.—Admiral and Mrs. Schley were given an ovation here yesterday afternoon on their way from Knoxville to Washington. The train stopped 20 minutes and during that time Mrs. Schley was presented a large bouquet by local Knights Templar and the admiral spoke briefly to the throng at the station.

CHAPTER XVI.—Continued.

The doctor entered, looking very serious, but his brow cleared at the sight of Elsie.

"Upon my word," he said, approaching the bed, "you are the miracle of our species."

"I am so well," replied Elsie, "that Brenda is thinking of deserting me."

Kendall had been holding Elsie's hand. He dropped it and slowly straightened his tall figure till he stood erect. The dead white mice seemed to be dancing before his eyes.

"You can't mean it," he said, and his face was bluish gray as he thought of the certain inference that Elmendorf would draw from Brenda's departure at this time. "Brenda"—he began, "I truly beg your pardon!"

"That is my name," she said, "and I shall always answer when you speak it."

"I thank you from my heart," said he. "And—Brenda, you mustn't go—not now. I can't explain. I was taken unaware and may have said too much already. Upon my soul, I don't know what I have said. But don't leave us now!"

In his excitement his voice broke in a queer little sob.

"I had no idea," said Brenda, "that my presence was so important."

"I can't think of anything earthly

"I have your promise?" said he.

that is more important than your presence here," he said, with such impressive earnestness as would have carried conviction to any woman's heart. "This must seem strange to you, this sudden outburst, but I am nervous, overstrained. You must pardon me."

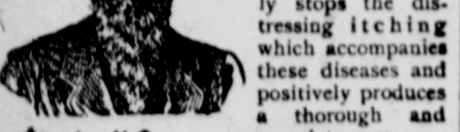

Itching Scalp.

Scald Head and the Most Violent Forms of Eczema and Salt Rheum Promptly and Thoroughly Cured by Dr. Chase's Ointment.

Among small children, scald head and similar itching skin diseases are most prevalent, and the worst feature is that these ailments, which are apparently trivial at first, almost invariably develop into chronic eczema if neglected.

There is but one treatment that physicians are unanimous in recommending for scald heads and eczema, and that is Dr. Chase's Ointment, the great antiseptic healer. It promptly stops the distressing itching which accompanies these diseases and positively produces a thorough and complete cure.

Scores of thousands of men and women stand ready to vouch for the merits of Dr. Chase's Ointment. It has brought about some of the most marvelous cures ever recorded. In justice to yourself and family, you cannot do without it in your home.

Mr. J. H. Grant, 716 Joseph Campan avenue, Detroit, Mich., writes:

"For three years I have been troubled by an itching on my body. So terrible was it at times that I could get no rest night or day. I tried all kinds of ointments and blood purifiers, but could get no relief. Mr. H. A. Nicolai of 379 Division street recommended Dr. Chase's Ointment. A few applications stopped the itching and I have felt nothing since."

Baby Eczema.

Mr. F. S. Rose of 133 Sixteenth street, Buffalo, N. Y., writes:

"Our baby boy suffered for some time with that wretched eczema, and we were unable to find anything to cure or even relieve his pain. A few applications of Dr. A. W. Chase's Ointment stopped the itching and healed the sores, and a bright, natural skin now takes their place."

Dr. Chase's Ointment does not cause pain when applied, but soothes the sore or inflamed surface. 50 cents at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

ROCK IN HIS STOMACH

Wonderful Cure of Dyspepsia—A Much Talked-of Case.

Borders on Miraculous—Blood Wine Succeeds after Physicians said: "No Hope."

Mr. Edgar H. Warren of Waterville, Me., is a much talked-of man, because he has been cured of what he terms "Rock in the Stomach." His case, which has caused much widespread interest, has been the topic of discussion at nearly all of the recent medical gatherings, here and abroad. His experience almost rivals the wonderful surgical operation of a year ago, when in Sweden a man's stomach was completely removed, and he entirely recovered. These things merely go to show what can be done with the digestive organs when the proper means is available. Mr. Warr has this

E. H. WARREN.

to say: "I called it 'Rock in the Stomach' because I felt all the time as if there was a rock lodged in my stomach, about the size of an egg. It was so apparent that no one could make me believe different. People have stone in bladder, and gravel, why couldn't I have a rock in the stomach? Well, I felt it for about a year. It was particularly prominent after meals, and gave me excruciating pain. Nothing would relieve it. Nothing would remove it. It became a constant burden, and so prominent that I could almost feel it with my hand. I also suffered as a result in many other ways. I would taste my food for hours after eating, and the gases and juices from the stomach were very nauseating. My appetite fell off until I ate very, very little. My weight ran down until I was about like a skeleton, and I thought my end was not far distant. Physicians one after the other treated me, and after making no headway, would remark that there was 'no hope.' I began to despair when 'Blood Wine' was recommended to me. I thought, of course, that if a regular physician couldn't help me that nothing else would. 'Try it,' said one of my friends. 'It will not cost you much, and if it don't cure you it surely won't hurt you.' This seemed plausible, so I went and got a bottle and took it, and it helped me. I got another; it worked like the first. The third, fourth, and fifth followed, and I continued to improve. I have just finished the sixth, and my last, for I am now thoroughly cured. My rock has disappeared, also the pain, nausea, gas, and other symptoms. My regular weight has returned, and I have no further complaints. I am going to do all I can for 'Blood Wine,' in return for what it did for me, and I have no hesitancy in saying that it is undoubtedly the best medicine for all forms of indigestion, stomach and bowel trouble, and constipation, ever sold or prescribed."

This is just one of many who speak highly of this great medicine. Blood Wine contains no wine or opiates, but ingredients that bring about almost instantaneous action. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug-stores.

POOL ROOMS WERE HARD HIT.

Beaten Out of Over \$20,000 Through Wire Tapping.

Cincinnati, Feb. 8.—When the Covington and Newport pool rooms were hit Thursday evening for more than \$20,000 there were many surmises as to how it was done, but it was claimed yesterday that the wires were tapped at some point north of Dayton, O., as other pool rooms were hit south of here and none north of Dayton.

Most of the money from the pool rooms here was secured from visitors from Dayton, and it was won on Lady Kent in the last race at New Orleans. The pool room men claim that their report was delayed 15 minutes, whereby each of the four rooms were hit for more than \$4,000 on that race. The telegraph company and the pool room men have instituted an investigation, which, they say, will result in sensational developments soon.

DON'T OVERLOOK THIS

A Careful Perusal Will Prove Its Value to Every East Liverpool Reader.

The average man is a doubter, and there is little wonder that this is so. Misrepresentations make people skeptical. Now-a-days the public ask for better evidence than the testimony of strangers. Hear proof that should convince every East Liverpool reader.

Mr. Samuel Mayer, who is an employee of the McNicol pottery, whose place of residence is 183 Bank street, says: "My health was fairly good until my kidneys began to trouble me, causing my back to ache a good part of the time and to get sore and lame across the loins. The pain was often sharp and penetrating, especially when stooping or lifting, and I never got rid of the trouble until I procured Doan's Kidney Pills at the W. & W. pharmacy and tried them. When I had taken one box the soreness and pains in the back and other symptoms of kidney distress passed away."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Now Out of Danger—The condition of Mrs. J. W. Davis, who has been dangerously ill the past few days at the home of Mrs. L. W. Satow, of Wellsville, is somewhat improved.

Slowly Improving—Barney Vale, who was badly hurt about the head by the overturning of a sled Thursday night, is considerably better. It is thought he will soon be able to be out.

No Meeting Held—There was to have been a meeting of the water works trustees last evening, but owing to the absence from the city of H. A. Keffer, it was postponed until next week. Clerk Gipner this morning said that work on the new reservoir would probably not be resumed until April.

Rehabiles' Meeting—At its last meeting, Liberty tent, O. O. of R., transacted business of great importance. Several new names were added to the funeral benefit fund; there were two applications received and two initiated. It was decided to hold a valentine social and dance Thursday evening, February 13.

NEW MINING COMPANY

WILL BEGIN OPERATIONS ON ITS COLORADO CLAIMS.

A Letter Received From a Mining Expert in Ouray Contains Encouraging News.

William A. Hart, superintendent of the Ceramic City Mining and Milling company, left yesterday for Ouray, Col., where he will begin the work of opening the mines on claims recently acquired by his company. M. E. Miskall & Co. have sold sufficient stock to warrant the company beginning operations and the work will be rushed as rapidly as possible. The officers of the new company are very much encouraged by a letter received by one of the directors from James T. Pierson, a well known mining expert of Ouray. The letter reads as follows:

Ouray, Col., January 29, 1902.

Dear Sir—Your letter of the 23d just received. In answer I will state that I am the discoverer of the Stenographer and Cabinet Meeker mining claims, but lost my interest in both through no fault of my own. The men who own them are not my best friends, nevertheless I will do them the justice of stating what I fully believe to be true. I regard the Stenographer and Cabinet Maker as the best prospects in the state, and if they were in Cripple Creek would generally bond for several hundred thousand dollars each. While I owned them we had Prof. English examine them, and in his report he said that \$25,000 spent on each of them would make them worth a half million each. His reports go in any country in mining circles. The richest yield I ever saw came out of these claims, running many thousands of ounces. I cannot imagine who is trying to interest capital; perhaps some one who is seeking a bond and lease on the Stenographer. I regret that I have lost my interest. I have said what I fully believe to be true.

I am, yours truly,

JAS. T. PIERSON.

A FINE ATTENDANCE

And Much Interest Shown in the First M. E. Church Revival Services.

There was a splendid attendance at the special meeting at the M. E. church last night. Dr. Crawford gave a short talk upon "The Peril of Neglecting the Great Salvation," and urged his hearers to avoid it.

Mrs. R. W. Hanes and Mrs. C. L. Phillips sang a duet which was very effective. There were two conversions and five persons arose for prayers. By reason of the great interest manifested, there will be a meeting tonight as usual. It is likely that the services will continue throughout next week.
